

IMPERIAL COMMUNITY COLLEGE DISTRICT
Citizens Oversight Committee
Annual Report
June, 2006

Members

2004-05 and 2005-06: Jerry Avila, Terence Donovan, Norma S. Galindo, Jim Hanks, Cathy Kennerson, Tina Lee, Dr. Barbara Macci-Trethewey, Henry Monroy, Janet Thornburg, and Bill Thornburg, Chair.

Description of Measure L

On July 20, 2004, the Imperial Community College District's Board of Trustees approved Resolution 13039 calling for the placement of a bond initiative on the November 2004 Imperial County election ballot. At the November 2, 2004 election, the citizens of Imperial County approved Measure L:

“To prepare students for jobs, four year colleges, and better serve the community by training nurses, law enforcement, and construction trades by building a new science and technology facility, modernizing all buildings, removing asbestos; upgrading security, improving student safety, repairing leaky roofs, plumbing, air conditioning; upgrading wiring for computer technology, shall the Imperial Community College District issue \$58,600,000 in bonds at legal rates, with guaranteed annual audits, a citizens' oversight committee and not money for administrators salaries?”

As required by Education Code Sections 15278-15282, a Citizens Oversight Committee was formed by the District's Board of Trustees. The role of the committee is to inform the public concerning the District's expenditure of revenues received from the sale of bonds authorized by the voters in the November 2004 general election. In particular, the committee will provide oversight ensuring that:

1. Bond revenues are expended only for the construction, reconstruction, rehabilitation or replacement of college facilities, including the furnishing and equipping of college facilities or the acquisition or lease of real property for college facilities; and
2. No bond revenues are expended for any teacher or administrative salaries or other college operating expenses.

To carry out its role, the Citizens Oversight Committee may:

1. Receive and review copies of the annual independent performance audit conducted to ensure that the bond revenue has been expended only on the specific projects listed in the bond proposition;
2. Receive and review copies of the annual independent financial audit of the bond revenue;
3. Inspect college facilities and grounds to ensure that the bond revenue is expended in compliance with the requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution;
4. Receive and review copies of deferred maintenance proposal or plans developed by the district; and
5. Review efforts by the District to maximize bond revenues by implementing various cost savings measures.

Meetings

Meetings of the Citizens Oversight Committee have been held on a quarterly basis. The Committee meetings have been facilitated by the Dean of Business Services, with expenditure reports prepared by the Business Office, reports on maintenance projects provided by the Director of Maintenance, and reports on construction projects provided by Jimmy Sanders, architect.

Distribution of Measure L Funds

In January 2005, the District authorized the sale and issuance of the General Obligation Bonds, Series 2005 in the amount of \$24.5 million. The Series 2005A bonds represent the first series under the \$58.6 million authorization. Proceeds from the sale of the bonds will be used to finance the addition and modernization of college facilities for the District. Interest is payable February 1 and August 1, commencing August 1, 2005 at rates ranging from 3.30% to 7.00%. Principal is payable August 1, commencing August 1, 2006 and through the maturity date of August 1, 2029.

Future bond issuances are planned as the assessed valuation of the District allows. The next sale of bonds is tentatively planned for Fall 2007.

Management of the Bond Program

The Measure L bond program is being centrally managed as a total District responsibility. Supporting the Board of Trustees and the Superintendent/President in the administration of this program at the District level is the Interim Dean of Business Services, with assistance from Jimmy Sanders, Architect. As in all professional appointments within the bond program, Jimmy Sanders was selected as the architect for all bond projects after

open competitive interviews. Funds have been budgeted for project/construction management, and the District may decide to employ a project management firm or individual to assist the District with management of the Bond Construction Program.

The Measure L bond program has a value of \$58.6 million, approved by the voters for construction, reconstruction, rehabilitation or replacement of college facilities, including the furnishing and equipping of college facilities. As such, the Board is cognizant of the need to keep administrative costs to a minimum while ensuring that the program operates at the maximum efficiency.

Audit Results

In April, 2006, the Board of Trustees accepted the Financial Audit Report of the Measure L Bond Program for the fiscal year ending June 30, 2005, as presented by Wilkinson Hadley and Co., LLP. The audit report is available on the District web site.

There were no findings or questioned costs related to the performance audit of the Bond Fund for the year ended June 30, 2005. The auditor’s report states that the proceeds of the sale of the General Obligation Bonds were only used for the purposes set forth in the ballot measure.

Projects Completed, Underway or Planned by the College

Construction and Remodeling Projects

Priority Number	Project Description	Funding Source	Project Est. Costs	Estimated Starting Date	Estimated Occupancy Date
1	Science Building	100% Local	\$21,977,000	2006/07	2007/08
2	Career Technical Building	100% Local	\$18,000,000	2007/08	2009/10

Maintenance Projects

Gym

Room 709 – Tore out plaster walls, insulated, and replaced with drywall, texture, and paint. Furnished new electrical lines, data lines, and lighting. Dropped and insulated ceiling. Carpeted room and replaced cove base. Replaced whiteboards, emergency exit light and clock. Refinished door and installed a window. Upgraded duct work and replaced A/C grills. Provided smart classroom lighting.

Girls PE Foyer - Tore out plaster walls, insulated, and replaced with drywall, texture and paint. Furnished new electrical/data lines, and lighting. Dropped and insulated ceiling. Tiled foyer, carpeted office, and replaced cove base. Installed a clock, and emergency exit light. Installed a door and window. Upgraded duct work and replaced A/C grills. Built an office.

Girls Team Room – Replaced much of the galvanized water line with copper pipe. Tore out plaster walls, insulated, and replaced with drywall, texture, and paint. Furnished new electrical lines, data lines, and lighting. Removed old acoustic tile, insulated, dry walled, textured, and painted ceiling. Carpeted room and replaced cove base. Installed whiteboards, emergency exit light, and clock. Replaced door. Upgraded duct work and replaced A/C grills. Installed furniture. Provided smart classroom lighting.

Room 701 – We converted an office, part of the shower room, and part of the locker room into a large classroom. Removed three walls and built three others. Replaced existing electrical panel with a larger one, Removed a shower pole and a urinal. Removed two old exhaust fans and capped vents. Replaced much of the galvanized water line with copper pipe. Filled in sloping floor with self leveling floor patch. Poured a new cement footing for new walls. Hammered out old locker curbs. Tore out plaster walls, insulated, and replaced with drywall, texture, and paint. Furnished new electrical lines, data lines, and lighting. Dropped and insulated ceiling. Carpeted room and installed cove base. Installed whiteboards, emergency exit light and clock. Refinished door and installed a window. Upgraded duct work and replaced A/C grills. Re-plastered shower side wall. Provided smart classroom lighting. Put up board and bat on exterior walls. Note: furniture still needs to be ordered for this room.

Counseling Center

Financial Aid Office - Tore out plaster walls, insulated, and replaced with drywall, texture, and paint. Furnished new electrical lines, data lines, and lighting. Carpeted room and replaced cove base. Replaced clock and emergency exit light. Upgraded duct work and replaced A/C grills. Removed old acoustic tile, insulated, dry walled, textured, and painted ceiling.

Classroom in Building 1300

Room 1306A – We tore down a wall and extended existing room by 8 feet. Built new walls and ceiling. Insulated, textured and painted walls and ceiling. Put up board and bat on exterior walls. Furnished new electrical lines, data lines, and lighting. Carpeted room and replaced cove base. Upgraded duct work and replaced A/C grills. Replaced clock and emergency exit light. Removed old wall ladder that accessed roof.

Cement Replacement

Removed and replaced damaged areas of sidewalk around campus as well as asphalt areas in parking lot C. Also sleeved the areas for future water and data.

Bench Renovations

Benches on campus are currently being renovated until they can be replaced.

Roofing Project

Bid awarded July 19, 2005 to Best Roofing in the amount of \$1,281,873.

The roofs to buildings 10, 100, 200, 300, 400, 600, 700, 800, 900, 1500, and 2100 have all been roofed. The bond crew has just completed sealing the vertical walls on the roofs of buildings 10, 100, 200, and 300. Note: We are currently waiting for Best Roofing to complete the punch list in order to close out the project.

Swimming Pool Renovations

Bid awarded January 17, 2006 to TSI, Tenant Space Inc. in the amount of \$277,477.

The shallow pool was re-plastered and tiled. The deep pool was re-tiled in some areas. Both pools had the drains cleaned out and new lighting installed. The entire deck around both pools was removed and replaced. All of the drains around the pools were replaced and rerouted to a different French drain. All of the wiring in the pool area was replaced. (all pole lights work now) The two old diving board stands were removed and the good one moved to middle of deep pool. The cement bleachers were repaired and painted as well as the metal shade to the bleachers. The doors to the pool area were painted. A new drinking fountain was installed. New signage was ordered for entire area.
