

AP 5055 Enrollment Priorities

Reference:

Title 5, Section 58106 (Board Resolution No. 13125)

Enrollment may be limited due to the following:

- health and safety considerations
- facility limitations
- faculty workload
- availability of qualified instructors
- funding limitations
- regional planning
- legal requirements
- contractual requirements

When enrollment must be limited, priorities for determining who may enroll are:

- limiting enrollment to first come, first served, or other non-evaluative selection techniques;
- in the case of intercollegiate completion, honors courses, or public performance courses, allocating available seats to those students judged most qualified;
- limiting enrollment in one or more sections to students enrolled in one or more other courses, provided that a reasonable percentage of all sections of the course do not have such restrictions.

Registration Priority Categories and Groups

EOPS students will be assigned to group #1 under the category for which they qualify.
