

Summer 2009 message for Wainwright Online Students

Note: **Please do not email me to add the course until June 22, 2009**

There is **NO on-campus orientation** for this class. On the first day of classes, go to the IVC Distance Education website and read the instructions for logging in to the Etudes course management system. Remember, you must use your Student Identification number which starts with a G, not your social security number for log-in purposes. Then LOG IN to Etudes. If you have problems logging in, contact the Student Help Desk at **760-259-3419**.

Once you have logged in to Etudes, click on the course tab for the History class and review the course. If you have not already viewed the video orientation, you can do so by clicking the link below, or go to the syllabus tool in Etudes to click on the link for the video. This video will explain how the class will work and what you can expect and it is very important for you to take the time to see it, so you make sure you are a good candidate for online learning.
