

Child, Family and Consumer Sciences
Child Development
Instructional Staff Meeting
Minutes for 12/3/2008

I. Welcome

II. Alignment Application

The staff reviewed what Becky had completed on the alignment application. The instructors felt it was fine and Becky told them she would be sending it in. She asked if they would continue working on the SLO assessments . She had what CAP needed completed but they still needed to make sure every thing was up dated and all SLOs had an assessment tool. Becky also told them she had gotten some sample assessment tools from other campuses.
