### Instructional Staff Meeting

9/11/2008

#### I. Welcome

#### II. Review of Course Materials

Fonda, Scott and Becky decided to take one course at a time. Fonda said it was too much to try to do all of them. Becky and Scott agreed. Becky suggested they put them on the big sticky notes and paste them up then they could look at everything when they finished and determine if they needed to make some changes. All agreed. All agreed to start with CDEV100.

Scott brought in what he did when he taught the course and Fonda brought in what she did. Becky also had what she had done in the past. Fonda felt some of the videos used were too old. She suggested they watch some of the videos and determine if they are still relevant.

The instructors all 3 agreed to meet twice per month until this was completed.

#### III. Alignment

Becky said once the instructors completed the course she would type up the alignment form.
