INFORMATION REPORTS

Employee of the Month (January) – Dr. Robin Ying

Director of Technology Ying introduced and congratulated Omar Ramos as the employee of the month. He noted his accomplishments since being hired and commented he was the youngest employee receiving the award.

President Gould stated that Omar is an image maker and image changer and thanked him for the work he has done.

Bond Audit Report

District Audit

Vice President for Business Services Lau announced that Michael Mears of Wilkinson & Hadley could not make it over the hill last month due to the weather and was presenting the audit report this month.

Mike Mears reviewed the District Audit report. He stated the report shows a decrease in net assets of \$6.3 million, the main component in June 30, 2009, and stated that GASB 45 is one of the reasons. He stated that long term debt for post retirement benefits that are being paid to faculty, classified, and management are the GASB debt. He reported that those were lifetime benefits. He stated there was a projected amount of \$926,000 in uncollected debt that was reported.

He cautioned for the Board's consideration in monitoring the general fund. He stated there needs to be measures put in place to "stop the bleeding."

He stated the good news was that there were no findings.

Board President Hart stated that the comments he mentioned were not included in the report. Michael Meyers stated that was correct and it was being provided as a cautionary note to the Board that the issue needs to be addressed and that it could become a finding.

Trustee Galindo commented on the wording on the cover letter regarding "findings about non compliance." Mike Meyers stated that auditors are not infallible and stated it was a generic letter.

Bond Audit

Michael Mears went over the District Bond report. He stated the audit is required yearly. He stated this fund is a governmental fund where the proceeds from the obligation funds are deposited into and used for construction facilities according to ballot measure.

He stated that the procedure used is the 90% and \$5,000 rule. He stated that the Board could change that at any time.

Trustee Acuña asked if he would recommend certain measures on the GASB. Michael Mears stated it was up to the Board and management on which way to go.

High School Articulation Agreements – Carol Lee

Transfer Center Director and Articulation Officer Carol Lee gave a report to the Board.

Carol Lee provided a handout titled HS/ROP Articulations with Imperial Valley College.

Carol Lee-reviewed the document with the Board and members of the audience and indicated that the back of the handout reflected the two Title V policies that the college is obligated to follow.

Trustee Galindo asked about, for the record, the Careers with Children articulation process in that once the articulation had been completed the college changed the textbook with Careers with Children and asked whether that would stop the articulation.

Director Lee stated that the four-year institutions are doing major revisions to child development and all of IVC's courses are transferrable. She stated that IVC was one of the first colleges to get the approval on the statewide Child Development/Early Childhood Education Curriculum Alignment Project (CAP). She reported that the statewide changes necessitated a change in the IVC course involving the scope and content, the upgrading of text books, and the renegotiation of the HS/ROP articulation. The changes were not intended to harm students and IVC made a two-year agreement on the Careers with Children articulation, 2008-10.

Trustee Galindo asked if ROP was aware of the articulation being viable and in progress.

Director Lee stated that ROP was aware.

Trustee Galindo asked if there was a particular section, as part of the articulation process, once the textbooks have been agreed to along with the syllabi, where the students are trained and exposed to the test that they would be going through when the college comes in the spring in order to be prepared for the exam.

Director Lee stated that there was no such process that she was aware of and stated that what she is requesting would be at the discretion of the faculty. She stated she hoped that ROP and IVC faculty are working together so students are not caught cold turkey. She stated that was out of her purview but hoped that they would be dialoguing.

Trustee Galindo's stated her concern is that, even though the articulation proceeded after having changed the textbook, the students would have difficulty passing the test since different books are being used.

Board Member Reports

Trustee Galindo reported the following:

- Wanted to go on record that she was troubled to learn there were no Mexican inductees or women on a Hall of Fame event that was sponsored by the college. She further expressed that this institution serves primarily women and Hispanics.

Trustee Hart reported the following:

- Attended the February SDICCCA meeting.

Associated Student Government Senate Update – Steven Sciaky

ASG President Sciaky reported the following:

- ASG had not met this semester and would meet next week.
- Working on getting a guest speaker for Cesar Chavez Day.

Academic Senate Update – Kevin White

Academic Senate President Kevin White reported the following:

- Attended the Board Retreat.
- Academic Senate voted on the Six-Dean Structure for the reorganization for the Instruction Division.

College Council Chair Heumann reported the following:

- College Council met twice last month.
- Vice President Jessica Waddell chaired the last meeting.
- Reviewing AB1725 which explains what the Academic Senate does and started discussion to clarify the role of the College Council.

President's Update – Dr. Ed Gould

President Gould presented a PowerPoint presentation and reported on the status of the District including:

- Gaylla Finnell being honored on the back page of the publication *The Advocate* for her work in the community with the students. He stated that the recognition is commendable.
- Thanked the *Science Night with Parents* from Frank Wright Middle School.
- Upcoming events of CalSOAP on February 19th to include Assembly member Perez that will include all the high school seniors on campus, Science Building debut for campus community on February 25th, ACCT Legislative Conference in Washington D.C. on March 10th-12th, HACU Annual Conference in Washington D.C. on April 10th, American Association of Community Colleges in Seattle, Washington on April 10th.
- Hall of Fame was a success with 143 tickets sold and over 130 in attendance with six new inductees: Stan Arterberry, Jim Duggins, Doug Harvey, Ron Jessie, Kennie James, and Randy Palomino,
- Enrollment is at 2,848 FTES for Spring 2010, headcount is at 8,134 for spring 2010 versus 7,655 for 2009.
- Accreditation. He stated the college was Continued on Warning Status and a visit would most likely coincide with the March 15th Mid-Term Report. He stated the visit would be a review of Planning, Technology Planning, and Governance issues. He stated he would provide details next month. He reported on the accreditation status of other California community colleges. He stated that the students are the most threatened because they would lose financial aid without accreditation.

Trustee Galindo asked if the shared governance Dr. Heumann had discussed earlier would fall under the Governance issues. President Gould stated it would and stated he and the College Council are working on defining shared governance through College Council.

Trustee Galindo asked about a trend she is starting to see related to accreditation with colleges such as IVC. She stated that she trusts he would take this issue to Washington D.C. and address the issue.

Trustee Galindo asked Dr. Gould about the trend he is observing related to accreditation with colleges such as IVC. She stated that she trusts he will take this issue to Washington D.C. and address it with the legislators.

President Gould stated he would be addressing it in two ways and would be asking HACU to take a look at it.

Trustee Medina asked if the report would be provided before the Board meeting. President Gould stated that it would.

- Budget. He reported the District will begin planning based on no new money and a 5% budget reduction. He stated both scenarios would call for an addition \$2.4 million dollar reduction to equal the amount of reserve money over the Board minimum reserve of 6%. He stated that the Governor's budget does not seem to carry the original promise. He stated he knows that 93% is personnel and benefit expenses. He stated the District has a 1% margin for all other expenditures and the college could not operate on that. He stated that he would be announcing next month the deep personnel cuts including the President and down the organization on how the District resolves a budget for 2010-2011. He stated the amount would be specified after two

things are reviewed: \$750,000 in savings from faculty that will not be replaced, and recommending a hiring freeze. In addition, he stated he is recommending suspending reclassifications effective immediately. He stated he does not want to erode the resources and services. He stated he would not be recommending program elimination except one that does not have a program approved. He stated he would be making those announcements soon.

Trustee Medina asked if the District would still be providing the same amount of classes with adjunct instructors.

President Gould stated that the District would do what it could to maintain the quality of instruction.

VP Kathy Berry stated that 10% of class sections have been reduced. She stated faculty members are going above and beyond.

President Gould stated that in his 20 years of leadership as president, he had not seen this budget impact and indications show that this would go on for the next three years.

- Reorganization. He reported the reorganization was going as planned and stated the Academic Senate approved a six dean Instructional Reorganization. He stated the Student Services three dean structure was approved by the Student Services Council. He stated that the remainder of the organization changes are going through as planned. He stated that the changes planned are to be under the guidance of cost neutrality.

Resolution No. 14587: Change in Board Meeting Date for March 2010

Discussion

Trustee Galindo asked if the date of the special meeting was necessary or if it was to accommodate the president's and chairman's trip to Washington, D.C. She stated she understood the purpose of having vice-presidents and a board clerk was to act in place of the president and chair. She further expressed concern at scheduling meetings to suit the administration's schedule without regard for the public. Trustee Cardenas said he preferred to have the CEO lead the meetings and he called for the question. Trustee Galindo asked Board President Hart for an answer. President Gould told Board President Hart that the call for a vote was on the table. Board President Hart called for the vote. Trustee Galindo stated her concern was that the public is not being given consideration to participate in a regular meeting and stated the Clerk of the Board could run the meeting.

Resolution No. 14591: In the Matter of the State Budget Crisis and Local Education Impact

Discussion

Trustee Galindo asked for clarification on the following wording: *including progressive tax policies*. She stated she was opposed to any tax increase at this time as it is a poor county.

President Gould explained that it may include a parcel tax.

Resolution

WHEREAS, the State of California continues to address a massive budget crisis without sufficient revenue to support necessary expenditures and hampered in decision-making by the two-thirds majority required to approve a budget and new taxes; and

WHEREAS, billions of dollars have been slashed from all sectors of education; the University of California, the California State University, the California Community Colleges, and K-12; and

WHEREAS, the Imperial Community College District has seen its revenue reduced by approximately \$1.4 million due to a "workload" adjustment in instructional apportionment revenue, and without COLA or other sources to mitigate annual inflationary costs, for a total negative economic impact of \$2.3 million; and

WHEREAS, the revenue impact has been exacerbated by the State's deferrals of payment to the local districts; and

WHEREAS, the Imperial Community College District has made it a priority to use layoffs of permanent staff as a last resort, but has had to lay off four (4) positions due to lack of funds or reductions in services (e.g. closure of the El Centro Center), and has eliminated fourteen (14) vacant positions from the classified service, which can affect programs and services; and

WHEREAS, the Imperial Community College District has been forced to cut over 432 class sections at a time when enrollment demand is at its highest level due to unemployment and other economic factors; and

WHEREAS, the Imperial Community College District plays a vital role in the economy and welfare of the region;

NOW BE IT RESOLVED, that the Board of Trustees of the Imperial Community College District, its Superintendent/President, and its staff will work with interested parties in the community and in the State to advocate for a balanced approach, including progressive tax policies, to resolve State budgetary problems that affect the delivery of high-quality education in our District; and

BE IT FURTHER RESOLVED, that the Board of Trustees will work with interested parties to advocate for a simple legislative majority to replace the two-thirds supermajority in the California Legislature for purposes of passing a State budget and taxes.
