INSTITUTIONAL GOALS

INSTITUTIONAL GOAL 1	INSTITUTIONAL MISSION AND EFFECTIVENESS – The College will maintain programs and services that focus on the mission of the College supported by data-driven assessments to measure student learning and student success.
INSTITUTIONAL GOAL 2	STUDENT LEARNING PROGRAMS AND SERVICES – The College will maintain instructional programs and services which support student success and the attainment of student educational goals.
INSTITUTIONAL GOAL 3	RESOURCES – The College will develop and manage human, technological, physical, and financial resources to effectively support the College mission and the campus learning environment.
INSTITUTIONAL GOAL 4	LEADERSHIP AND GOVERNANCE – The Board of Trustees and the Superintendent/President will establish policies that assure the quality, integrity, and effectiveness of student learning programs and services, and the financial stability of the institution.

II. PROGRAM GOALS

A. PAST – EVALUATION OF PREVIOUS CYCLE OBJECTIVES/PROGRAM GOALS (SET IN PREVIOUS YEAR)

B.

List your previous objectives/goals and associated Institutional Goals. All program goals must address at least one of the institutional goals.

1	<p align="center">PAST PROGRAM GOAL #1</p> <p>Identify Program Goal from Last Program Review: Journalism program requirements need to be reviewed and revised. Journalism students no longer need to learn Dreamweaver or computer programming for the web (CIS 137 and 214) and Flash (CIS 155). Additionally, IVC needs to create and offer a Digital Photography class, including some Journalistic assignments. This is a goal from Spring 2013 Program Review.</p> <table border="1"> <tr> <td>Met</td> <td>Partially Met</td> <td>Not Met X</td> </tr> </table> <p>Provide detail on any improvements/effectiveness and detail status on those not fully met: The Chair has explored the creation of a Digital Photography class to discover that the only C-ID for digital art is being used for a “Graphic Design” course, ART 160. This class combines the use of Photoshop and Illustrator software to created graphic design results. This is technically not about using a digital camera, which is what is needed. More research needs to be done. Perhaps the current photography class, ART 170, needs revision and updating to suit these needs.</p>	Met	Partially Met	Not Met X	<p align="center">INSTITUTIONAL GOAL(S)</p> <p align="center">1 2X 3 4</p>

<p>Provide detail on any improvements/effectiveness and detail status on those not fully met: Student Affairs sometimes offers a music station on the IVC website. This is not in conjunction or with input from Journalism program students or instructor. Why not work together? It is important to note that students who speak over the radio should have libel and other types of journalism and communication training.</p>

c. PRESENT – DATA ANALYSIS AND PROGRAM HEALTH

1. Summarize and analyze all disaggregated data by day, evening, gender, ethnicity, and distance education regarding enrollments, fill rates, productivity, completion, success, retention, persistence, and transfer (complete a, b, & c). **Attach graphs or trend data.**
 - a. Discuss and chart the trends in enrollment and fill rate for each program by day and evening at the program level.

Journalism: Journalism courses have been on a steady decline in the last three years. Journalism lost 55% of its students from Fall 2010 to Fall 2012 and an additional 3% from Spring 2011 to Spring 2013.

Term	Enroll	Fill	Sections	Mass Cap	Avg Class Cap	Avg Class Size
Fall 2010	38	76%	2	50	25	19
Fall 2011	40	80%	2	50	25	20
Fall 2012	17	68%	1	25	25	17
Spring 2011	36	72%	2	50	25	18
Spring 2012	13	52%	1	25	25	13
Spring 2013	35	70%	2	50	25	17.5
% Change from Fall 2010 to Fall 2012	-55%	-11%	-50%	-50%	0%	-11%
% Change from Spring 2011 to Spring 2013	-3%	-3%	0%	0%	0%	-3%

- b. What are the trends in productivity? (WSCH/FTEF) The goal is 525 as per state guidelines. A low number means that we are below target levels for productivity. For example, in a small class that has a mandated cap of 15 students, the fill rate

may be 100% but the productivity number (WSCH/FTEF) will be very low. A class with a cap of 40 students with a 100% fill rate will have a productivity number close to or above 525.

Journalism: Productivity for Journalism has been on a steady decline from 2010 to 2013. The classes have been in low demand, which has caused the amount of sections offered to decrease. The fill rates have been on the decline as well. The viability of Journalism courses being offered needs to be evaluated. More needs to be done to draw students' interest.

Term WSCH/FTEF

Fall 2010	323
Fall 2011	340
Fall 2012	289
Spring 2011	306
Spring 2012	221
Spring 2013	297.5
% Change from Fall 2010 to Fall 2012	-11%
% Change from Spring 2011 to Spring 2013	-3%

c. Discuss and chart the success and retention rates by day, evening (extended day), and online classes in each program and identify gaps

Journalism: The success rate for journalism has gone up from Fall of 2010 to Fall of 2012 but came back down in Spring 2013. The retention rate has fluctuated as well. It went up 25% in Fall of 2012 but then back down in 30% by the Spring of 2013.

Term	Success	Retention
Fall 2010	39%	66%

Fall 2011	40%	53%
Fall 2012	53%	82%
Spring 2011	42%	69%
Spring 2012	69%	77%
Spring 2013	34%	49%
% Change from Fall 2010 to Fall 2012	34%	25%
% Change from Spring 2011 to Spring 2013	-18%	-30%

- d. Discuss and chart the success and retention rates in each program and identify gaps for five ethnic groups. (African-American, White, all Hispanics, Other, Unknown).

Journalism: The main ethnic minority groups that have taken Journalism in the last three academic school years are Hispanic and Mexican American. The success rates have varied greatly over the last three academic school years. The retention rates have varied as well. The success rates were quite low with only 42% for Hispanic students and 33% for Mexican Americans.

e. Discuss the trends in the number of degrees or certificates awarded, if applicable. (You may be able to expand more about this in B.3 below.)

Although overall enrollment is down, the number of degrees earned has remained steady. Three Journalism degrees were awarded over the three-year period which is consistent with what has been recorded in previous program reviews.

f. What program changes, if any, will you recommend that you expect would have a positive effect on your students in your program, if applicable?

It is anticipated that having Journalism work posted on IVC's website will draw student interest to the Journalism program.

2. Summarize revisions, additions, deletions, or alternate delivery methods to courses and/or program based on the last program review.

As stated in the goals above, the addition of a digital photography class or digital photography component is being considered. A website for Journalism students to post their work has been created. It is hoped that these will breath new life into the Journalism program.

3. Evaluate the program's viability by addressing program completion, size (FTES), projections (growing/stable/declining), and quality of outcomes. For CTE programs, also include labor market projections, placement, and performance on external testing/exams (i.e. ASE, NABCEP) and industry-recognized credentials, placement, and performance on external testing or exams (NCLEX, ASC, NAP).

The Journalism program has lost enrollment over the last three years, yet continues to produce one graduate a year, which is stable. The WSCH/FTEF production is low, meaning the program is not productive, and this needs to be rectified if the program is to continue.

Below are the employment trends from the CTE program review of Fall 2013.

Employment Trends (Employment Development Department):

Occupation	TOP Code	SOC Code	2008	Average Job Openings per

				Year
Writers and Authors	1506.00	273043	110	3*

Employment Trends (Faculty Assessment):

Employment with an Associates Degree is possible, however it is dependent on having work experience and skills. There was no employment placement recorded for the IVC graduate in 2012-2013. Most journalist positions require a bachelor's degree or above.

C. FUTURE – LIST OF “SMART” (SPECIFIC MEASURABLE ATTAINABLE RELEVANT TIME-LIMITED) PROGRAM OBJECTIVES FOR NEXT ACADEMIC YEAR TO ADDRESS PROGRAM IMPROVEMENT, GROWTH, OR UNMET NEEDS/GOALS. ALL PROGRAM GOALS MUST ADDRESS AT LEAST ONE OF THE INSTITUTIONAL GOALS.
