****FIVE POINT KEY: Using this key, to receive a 3 or 4 the ISLO needs to be measured through the outcome and assessment.**

- 4=**This is a STRONG focus of the course. Students are tested on it or must otherwise demonstrate their competence in this area.
- 3=**This is a focus of the course that will be assessed.
- 2=** This is a focus of the course, but is NOT assessed.
- 1=**This is briefly introduced in the course, but not assessed.
- 0=**This is not an area touched on in the course.

Dear Faculty Members:

Please list all of the courses contained in your degree/certificate program along the vertical axis. Across the top of the grid, on the horizontal axis, you will see the 5 Institutional Learning Outcomes (ILOs).

Located at the end of the form, there is a key to follow when completing this grid. The Key has numbers from 0-4 and an explanation of what each number represents. What we need from you, and your colleagues within each department, is your determination as to the extent each of the courses addressed IVC's five ILOs. Please review your SLO ID or Cycle Assessment form and write the number between 0-4 that best corresponds with the ILOs. If any SLOs have been identified for the course, then each box across from the course number should be filled in. You can fill in the boxes as the classes stand this year, knowing that next program review cycle it can be updated.

For those courses that you rank a 3 or 4 on one or more ILOs, you are indicating that the courses are taught with the intention of improving your students' performance on those outcomes. At some point you may be asked by the college to provide assessment data on those outcomes that you rank a 3 or 4. At this point, we are stating that all 5 of our ILOs are emphasized in all programs or certificates. Completing this grid can demonstrate we are doing just that or it can highlight ISLOs that are being missed so we can improve.

****When you are done completing the grid, please write down 1) anything you would change, 2) anything that was unclear, and 3) something you noticed about the pattern of ILOs in your program. For example, if you noticed that "global awareness" is not an assessed ILO in your program, then you might want to emphasize it and make plans to add it to your SLOs for one or more courses. Please address these three items by completing the corresponding box on the 2nd page of the Program Learning Outcome form.**

Thank you very much for your assistance,
