RE: 2018-19 Tentative Budget Letter of Transmittal

In conformance with State of California budget law and as the Superintendent/President of the District, I hereby submit to the Board of Trustees the 2018-19 Tentative Budget along with the required budget message, outlining major changes and assumptions contained in the proposed budget.

The 2018-19 Governor's State Budget proposes a significant change in funding to California Community Colleges under a new funding formula. The proposed funding would shift from an enrollment-based apportionment funding model to one that accounts for overall enrollment, low-income/first-generation college-going student enrollment, and student performance. The budget proposal would also consolidate several categorical programs into a single categorical program: the Student Success and Support Program, the Student Success for Basic Skills Program and the Student Equity Program. The new funding model includes a hold harmless provision that ensures no district receives less funding in 2018-19, and possibly in 2019-20, than it receives in 2017-18.

During 2017-18, Imperial Valley College experienced significant enrollment growth. Enrollment is expected to increase by 343 Full-time Equivalent Students (FTES) from 6,854 to 7,197, a 5% growth compared to 2016-17. The revised 2017-18 budget presented in March 2018 included a 3% growth and as noted in the budget presentation, there may be additional funding for growth of another 1% to 2% and although we project to reach the FTES for 5% growth (7,197 FTES) State funding is not guaranteed. That additional growth will therefore be acknowledged during close-out. In anticipation of the new funding formula, the budget for 2018-19 is based on the 2017-18 potential funding levels for 7,197 FTES. We expect to receive more specific funding information for 2018-19 in the upcoming months and the budget will be revised accordingly.

The District's objective is to produce a balanced budget but this tentative budget currently shows \$1,218,138 in deficit spending. With additional information provided to us by the State under the new proposed funding formula, our goal is to present to you a fully balanced budget in September 2018.

This tentative budget currently shows a designated reserve of \$2,946,734 for future pension plan increases/other post-employment benefits (OPEB) and unrestricted reserves of \$5,192,016, an overall reserve of \$8,138,750 or 17% of total unrestricted expenditures of \$46,872,597. The reserve is based on total projected carry-over fund balance from 2017-18 of \$9,356,888 minus the budgeted deficit of \$1,218,138. The final carry-over fund balance will be determined once the fiscal year is closed in August 2018.

Cash flow for operating activities continues to remain stable primarily due to increased funding in ongoing revenue streams and an increase in district reserves. For the fourth consecutive year, there will be no need to seek short-term loans for cash flow purposes.

The projected revenues, expenses and reserves are contingent upon all of the following assumptions holding during FY 2018-19:

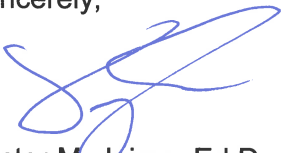

1. 0% Cost of Living Adjustment (COLA).
The State budget proposes a 2.71% COLA. Once the State budget is approved, our budget will be revised to include COLA impacting both revenue and expenditures.
2. The college enrollment maintained at 7,197 FTES.
3. 0.00% Growth
Potential 1% to 2% growth will further be evaluated in the summer and budgeted accordingly.
4. 100% backfill of any property tax shortage, including revenues due to the dissolution of RDAs.
5. No state apportionment deficit.
6. Increased ongoing and onetime revenue streams.
7. No increase to the Health and Welfare package for employees and board members.

The college still has the challenge of balancing its budget while meeting the needs of our community. As we look into the near future in FY 2018-19, we must not lose sight of the district's obligations for FY 2019-20 and beyond and the impact they will have on district's reserves. Additionally, we also need to concentrate efforts in the creation of new programs to generate revenue. Some significant obligations to consider for current year and long term are as follows:

1. Current and future labor contracts.
2. Future increase in the cost of providing health insurance.
3. Facilities scheduled maintenance and equipment replacement
4. Staff needed to meet changing operational structure of the college.
5. Retiree health and welfare benefits (OPEB - GASB 45) funding.
6. Employee pension (STRS and PERS) contribution rates increases.

The college administration will continue to work with the Budget and Fiscal Planning Committee, represented and unrepresented groups and the college's shared governance committees to achieve the objective of a balanced budget by the time a final budget is presented to you in September 2018.

Sincerely,

Victor M. Jaime, Ed.D.
Superintendent/President
