MSC Drury/Sano

III. Discussion Items

- a. Accreditation Standard 3C. Question #2 and Question #3
Dr. James Patterson read Question#2 and Question #3 aloud. The response to both questions were discussed. Dr. Patterson addressed Question #2 - enterprise equipment not being in the current refresh budget and asked if it is important to include it. Mr. Enz stated it is very important. One time funds have been used to refresh but ideally all enterprise equipment would be included in the refresh budget. He also stated the AV

equipment on campus (i.e. Building #2700) is not on a refresh cycle either. A few years ago, 4 classrooms failed – instructors wanted out of those rooms. The faculty rely on technology to teach. Servers hold Banner, hold our network – need to get them on a refresh cycle.

Question #3 – the Technology Plan has been pulled in to the response and will also pull in meeting minutes from Technology Planning Committee. Dr. Patterson will meet with I.T. to get a report reflecting the help desk data support/backup.

IV. Updates

- a. OEI – Xochitl provided a quick update. Still looking at fall 2018 to go live – 3 courses. IVC needs to get more courses on the OEI to see FTES – through OEI. Our students will enroll to others colleges but the FTE will go to the other college. IVC needs to pull students into our courses.

- b. Canvas – all online classes are on Canvas. There is a large amount of faculty using Canvas for face to face courses. Xochitl is still offering workshops and one-on-one help. Canvas help line is also available.

V. ADJOURNMENT
