WHEREAS, the purpose of this policy is to ensure that all computer and network resources are used in a responsible, effective, ethical, and lawful manner. Users are expected to learn and follow established standards of conduct and responsible behavior in their use of computer resources.

WHEREAS, use of the District's computers and access to the network is a privilege; a user who is found to have violated any of the procedures outlined on this policy may lose his/her access and may be subject to disciplinary action.

NOW, THEREFORE, BE IT RESOLVED that the Board approves the recommendation of the Technology Committee (2-19-09) and College Council (5-11-09), with the consent of the Superintendent/President to amend the *District Board Policy 3720 Computer and Network Use* effective June 1, 2009 as follows:

BP 3720 Computer and Network Use

Reference: 17 U.S.C. Section 101 et seq.; Penal Code Section 502, Cal. Const., Art. 1 Section 1; Government Code Section 3543.1(b); Federal Rules of Civil Procedure, Rules 16, 26, 33, 34, 37, 45

The District Computer and Network systems are the sole property of Imperial Valley College (the district). They may not be used by any person without the proper authorization of the District. The Computer and Network systems are for District instructional and work related purposes only.

This procedure applies to all District students, faculty, and staff and to others granted use of District information resources. This procedure refers to all District information resources whether individually controlled or shared, stand-alone or networked. It applies to all computer and computer communication facilities owned, leased, operated, or contracted by the District. This includes personal computers, workstations, mainframes, minicomputers, and associated peripherals, software and information resources, regardless of whether used for administration, research, teaching, or other purposes.

Conditions of Use. Individual units within the District may define additional conditions of use for information resources under their control. These statements must be consistent with this overall procedure but may provide additional detail, guidelines and/or restrictions.

Legal Process. This procedure exists within the framework of the District Board Policy and state and federal laws. A user of District information resources who is found to have violated any of these policies will be subject to disciplinary action as provided in relevant employment agreements.

Copyrights and Licenses. Computer users must respect copyrights and licenses to software and other on-line information.

Copying - Software protected by copyright may not be copied except as expressly permitted by the owner of the copyright or otherwise permitted by copyright law. Protected software may not be copied into, from, or by any District facility or system, except pursuant to a valid license or as otherwise permitted by copyright law.

Number of Simultaneous Users - The number and distribution of copies must be handled in such a way that the number of simultaneous users in a department does not exceed the number of original copies purchased by that department, unless otherwise stipulated in the purchase contract.

Copyrights - In addition to software, all other copyrighted information (text, images, icons, programs, etc.) retrieved from computer or network resources must be used in conformance with applicable copyright and other law. Copied material must be properly attributed. Plagiarism of computer information is prohibited in the same way that plagiarism of any other protected work is prohibited.

Integrity of Information Resources. Computer users must respect the integrity of computer-based information resources.

Modification or Removal of Equipment - Computer users must not attempt to modify or remove computer equipment, software, or peripherals that are owned by others, unless they have received proper authorization.

Unauthorized Use - Computer users must not interfere with others access and use of the District computers. This includes but is not limited to the sending of chain letters or excessive messages, either locally or off-campus; printing excess copies of documents, files, data, or programs, beyond those needed to perform the work of the District; running grossly inefficient programs when efficient alternatives have been provided by the District; modifying without proper authorization system facilities, operating systems, or disk partitions; attempting to crash or tie up a District computer or network; and damaging or vandalizing District computing facilities, equipment, software or computer files.

Unauthorized Programs - Computer users must not intentionally develop or use programs which disrupt other computer users or which access private or restricted portions of the system, or which damage the software or hardware components of the system. Computer users should take appropriate, reasonable measures to ensure that they do not use programs or utilities that interfere with other computer users or that modify normally protected or restricted portions of the system or user accounts. The intentional, malicious use of any unauthorized or destructive program will result in disciplinary action as provided in relevant employment agreements, and may further lead to civil or criminal legal proceedings.

Unauthorized Access. Computer users must not seek to gain unauthorized access to information resources and must not assist any other persons to gain unauthorized access.

Abuse of Computing Privileges - Users of District information resources must not access computers, computer software, computer data or information, or networks without proper authorization, or intentionally enable others to do so. Additionally, abuse of the networks to which the District belongs or the computers at other sites connected to those networks will be treated as an abuse of District computing privileges. Users who abuse these privileges and/or these procedures may lose their access and be subject to disciplinary action.

Reporting Problems - Any defects discovered in system accounting or system security must be reported promptly to the appropriate system administrator so that steps can be taken to investigate and solve the problem.

Password Protection - A computer user who has been authorized to use a password-protected account may be subject to both civil and criminal liability if the user discloses the password or otherwise makes the account available to others who intend to use this information for fraudulent, malicious or illegal purposes and the computer user knew or should have reasonably known of that person's intent.

Usage. Computer users must respect the rights of other computer users. Attempts to circumvent these mechanisms in order to gain unauthorized access to the system or to another person's information are a violation of District procedure and may violate applicable law.

Unlawful Messages - Users may not use electronic communication facilities to send defamatory, fraudulent, harassing, obscene, threatening, or other messages that violate applicable federal, state, or other law or District policy, or which constitute the unauthorized release of confidential information.

Information Belonging to Others - Users must not intentionally seek or provide information on, obtain copies of, or modify data files, programs, or passwords belonging to other users, without the permission of those other users.

Rights of Individuals - Users must not release any individual's (student, faculty, and staff) personal information except in the circumstances allowed under law or contract.

User identification - Users shall not send communications or messages anonymously or without accurately identifying the originating account or station.

Political, Personal and Commercial Use - The District is a non-profit, tax-exempt organization and, as such, is subject to specific federal, state, and local laws regarding sources of income, political activities, use of property, and similar matters.

Political Use - District information resources must not be used for partisan political activities where prohibited by federal, state, or other applicable laws.

Personal Use - District information resources should not be used for personal activities that interfere in any way with the use of District information resources for official district business.

Commercial Use – Electronic communication facilities may not be used to transmit commercial advertisements, solicitations, or promotions, with the exception of commercial activities that are for the exclusive and sole benefit of the District, officially sanctioned student groups or clubs, or the Imperial Valley College Foundation. Further, District employees may use the District intranet to transmit to other District employees materials of a commercial nature as long as those employees have expressed a direct interest in said materials and as long as transmission of said materials does not interfere in any way with the use of District information resources for official District business. Users also are reminded that the “.cc” and “.edu” domains on the Internet have rules restricting or prohibiting commercial use, and users may not conduct activities not appropriate within those domains.

Nondiscrimination. All users have the right to be free from any conduct connected with the use of the Imperial Valley College network and computer resources which discriminates against any person on the basis of national origin, religion, age, sex (gender), race, color, medical condition, ancestry, sexual orientation, marital status, gender preference, physical or mental disability, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. No user shall use the District network and computer resources to transmit any message, create any communication of any kind, or store information which violates any District procedure regarding discrimination or harassment, or which is legally defined as defamatory or obscene, or which constitutes the unauthorized release of confidential information.

Disclosure

No Expectation of Privacy - The District reserves the right to monitor all use of the District network and computer to assure compliance with these policies. Users should be aware that they have no expectation of privacy in the use of the District network and computer resources. The District will exercise this right only for legitimate District purposes, including but not limited to ensuring compliance with this procedure and the integrity and security of the system.

Possibility of Disclosure - Users must be aware of the possibility of unintended disclosure of communications.

Retrieval - It is possible for information entered on or transmitted via computer and communications systems to be retrieved, even if a user has deleted such information.

Public Records - The California Public Records Act (Government Code Sections 6250 *et seq.*) includes computer transmissions in the definition of "public record," and nonexempt communications made on the District network and computer must be disclosed if requested by a member of the public.

Litigation - Computer transmissions and electronically stored information may be discoverable in litigation.

Overtime

Prior approval required. The Fair Labor Standards Act (FLSA) requires that each employee be paid appropriately for eligible overtime hours worked. These provisions do not apply to employees who are exempt from overtime compensation.

1. No time spent in any activity on the District's Electronic Communications Resources for the benefit of the District may be done outside of the employee's scheduled work hours without advance approval from his or her supervisor. In an emergency, an employee may perform the work but must notify the supervisor as soon as possible and by the end of that same day. If the supervisor denies a request to work overtime, then the employee must obey that directive.
2. All time spent outside of the employee's scheduled hours must be reported on the District's time reporting form so that they are paid appropriately. Employees may not choose to work and not request compensation. All legitimate overtime must be compensated.

Dissemination and User Acknowledgment

All users shall be provided copies of these procedures and be directed to familiarize themselves with them. A signed copy of the acknowledgement and agreement will be placed in all employee personnel files.

ARTICLE 6 EMPLOYMENT

The Board of Trustees shall employ persons for positions that are not academic positions. The Board shall classify all such employees and positions. The employees and positions shall be known as the classified service.

6.1 Pre-employment Activities (2 + 2 Meeting)

Prior to commencing the employment process for a position whose classification specification changes, and prior to declaring a classification as "vacant and not open", a committee composed of two (2) classified employees, appointed by the exclusive Bargaining Representative, and two (2) administrators, or one (1) administrator and one (1) department head, will meet to review the classification specification and salary range placement of the classification, and to recommend whether the position will be "vacant and open" or "vacant and not open" for recruitment.

6.2 Employment Activities

After a vacant position has been opened for recruitment, a "Notice of Vacant Position" will be posted about the campus identifying the position that is vacant, the salary and number of work hours, and a brief description of the job duties and minimum qualifications. A detailed classification specification will be provided in the employment packet that will be available in the Human Resources Office. The "Notice of Vacant Position" shall be posted and remain posted for at least five (5) work days. **(Also see Article 16, Transfer and Reassignment.)**

When the recruitment process has been completed, a formal screening/interview committee shall meet to screen applications and identify and interview applicants. This committee, inasmuch as possible, should be structured as follows.

- (1) Four (4) or six (6) members.
- (2) One-half of the members must be classified employees from the specific work area, or with similar job classifications, as the vacant position.
- (3) Either the direct supervisor or administrator from the specific work area.
- (4) One-half of the members of the committee must be of an ethnic minority.
- (5) One-half of the members of the committee must be of the female gender.

The screening/interview committee will recommend a slate of final candidate(s) qualified for appointment and forward their recommendations to the Human Resources Office.

6.3 Probationary Period

Newly appointed employees, or permanent employees who change classifications through the employment process, shall serve a probationary period of six (6) calendar

months or one hundred thirty (130) days of paid service, whichever is longer. Days of paid service shall include all days worked during the summer months. Probationary employees shall be evaluated by their immediate supervisor at the beginning of the third and fifth months of service. The evaluating supervisor shall review the performance evaluation with the probationary employee prior to submitting it to the Human Resources Office for filing. The employee, supervisor, and the Vice President shall sign the performance evaluation. Newly appointed probationary employees may be dismissed from service at the discretion of the Board of Trustees or designee. If the supervisor fails to evaluate the probationary employee at the beginning of the third and fifth months of service, the employee shall by default fulfill the probationary requirements.

If at any time during the period of probation a probationary employee resigns, abandons the position, or is terminated, a replacement will be selected from among those who originally applied for the position and had been interviewed if in the opinion of the supervisor, or the selection committee, there were other qualified candidates. If there were no other qualified candidates, the position will be reopened for applications.

6.4 Permanent Employee

A person who has served in a classification an initial probationary period of six (6) calendar months or one hundred thirty (130) days of paid service, whichever is longer, is termed a permanent employee of the classified service.

6.5 Probationary Period After Classification Change Through Hiring Process

A permanent employee of the classified service who changes classifications through the employment process must perform a probationary period in the new classification. An employee who is unable to successfully complete the probationary period, by meeting the performance standards of the new classification, shall be returned to his/her former position, or to a similar classification at the same salary range and step as the former position, without a loss in status or benefits.

6.6 Part-Time Employment

A part-time employee has a work schedule of fewer than eight (8) hours per day or less than forty (40) hours per week. The leave and benefits earned for less than full-time service shall be prorated using the relationship of the number of hours of part-time service to those of full-time service.

6.7 Nine (9) Month Employee

A nine (9) month employee begins the work period five (5) work days prior to the first day of classes for the Fall semester and works through the last service day of the academic year providing that the employee attains at least a minimum service status of nine (9) full months. These employees are paid at the established hourly rate for their

classification. Any nine (9) month employee not assigned regular pre-opening day duties will receive temporary assignment through the Human Resources Office.

Any nine (9) month employee not eligible for vacation and without sufficient compensatory time to cover non-service days between the Fall and Spring semesters will receive temporary assignment through the Human Resources Office if the campus is open for a normal work day.

6.8 Ten (10) Month Employee

A ten (10) month employee serves ten (10) of the twelve (12) calendar months of the year. Beginning and ending service dates are made by special arrangement and total service time shall not exceed ten (10) months. Any ten (10) month employee without accrued vacation or compensatory time to cover non-service between the Fall and Spring semesters will receive temporary assignment through the Human Resources Office if the campus is open for a normal work day.

6.9 Eleven (11) Month Employee

An eleven (11) month employee serves eleven (11) of the twelve (12) calendar months of the year. Beginning and ending service dates are made by special arrangement and total service time shall not exceed eleven (11) months. Any eleven (11) month employee without accrued vacation or compensatory time to cover non-service between the Fall and Spring semesters will receive temporary assignment through the Human Resources Office if the campus is open for a normal work day.

6.10 Twelve (12) Month Employee

Twelve (12) month employees with three or less years of service will be offered temporary assignment through the Human Resources Offices to fulfill their one year contract when accrued vacation is insufficient to cover non-service days.

6.11 Assignments at Times Other Than Regular Academic Year

For the purposes of this section every classified employee shall be deemed to be employed for twelve (12) months during each school year regardless of the number of months in which he/she is normally in paid status. Any community college district which, in any school year, maintains school sessions at times other than during the regular August - June academic year shall assign for service during such times regular classified employees of the district. When it is necessary to assign classified employees not regularly so assigned to serve between the end of one academic year and the commencement of another year, such assignment shall be made on the basis of qualifications for employment in each classification of service which is required. No classified employee whose regular yearly assignment for service excludes all, or any part of, the period between the end of the academic year in June to the beginning of the next academic year in August, shall be required to perform services during

such period. A classified employee shall, for service performed as herein provided, receive, on a pro rata basis, not less than the compensation and benefits which are applicable to that classification during the regular academic year. Education Code Section 88002.

During the Spring semester, the Human Resources Office will accept requests for summer employment from all less-than-twelve (12) month employees. Eligible employees may submit a written request for summer employment to Human Resources between the first (1st) day of April and the fifteenth (15) day of May of each year. Consideration for available positions will be based upon related job skills and rotation by seniority. The classified employees will have the right of first refusal for summer employment.

Employees wishing to change from one shift to another vacant shift within the same classification and job title shall submit the request in writing. Seniority will be utilized to fill the vacant shift, except when a bona fide occupational qualification exists (i.e., a female Custodian required for the women's locker room).

6.12 Reinstatement of Permanent Employees After Resignation

Any permanent classified employee who voluntarily resigns from his/her permanent classified position may be reinstated or re-employed by the governing board of the District, within thirty-nine (39) months after his/her last day of paid service and without further competitive examination, to a position in his/her former classification as a permanent or limited-term employee, or as a permanent or limited-term employee in a related lower class or a lower class in which the employee formerly had permanent status.

6.13 Union Representative

Any negative performance evaluation shall include specific recommendations for improvements and provisions for assisting the employee in implementing any recommendation made. Evaluators will discuss the performance evaluation with the employee being evaluated before it is placed in the employee's personnel record.

7.3 Employee Rights

An employee who has an evaluation mark or comment on the evaluation that is below satisfactory, or that indicates an area of weakness has the right to make written comments about the evaluation and have them included with the performance evaluation form.

All employees shall be given a copy of their completed and signed performance evaluation by the Human Resources Office before it is placed in their personnel record.

The employee's signature on this document means that the performance evaluation was discussed with the employee and the employee was given an opportunity to make comments on the ratings and recommendations given by the rating supervisor. The signature does not necessarily mean agreement with the evaluation.

7.4 Documentation

Performance appraisals for classified employees shall be documented using the Classified Employee Performance Appraisal form.

ARTICLE 8 SALARY

8.1 General

Unit members will be paid according to the salary schedule and regulations attached and included as EXHIBITS B and C.

8.3 Anniversary Date

The anniversary date for permanent and temporary employees hired prior to July 1, 1982, shall be the first day of the month of employment.

For permanent and temporary employees hired on July 1, 1982, and thereafter, the anniversary date for employees hired on the sixteenth day of the month or thereafter shall be the first day of the month following the month of employment.

The anniversary date of an employee shall not change due to changes in employment status or job classification as long as there has been no more than a thirty (30) work day break in service between these changes.

8.4 Step Increases

Either through the employment process or a transfer, a classified employee will move to the new range or to a step that is at least 5% above the employee's current salary, not the same step held in the previous classification.

Effective July 1, 2005, step increases shall be implemented in July and January of each year. For those permanent employees whose anniversary dates are between July and December, the increase shall be implemented in July. For those permanent employees whose anniversary dates are between January and June, the increase shall be implemented in January.

8.5 Pay Period

All classified employees shall be paid for the calendar month on the last working day of each month. Pay for overtime and night differential shall be paid on the tenth (10th) day of the month following that in which the service was rendered, except that overtime for December and January will be paid in February.

**ARTICLE 9 RECLASSIFICATION OF POSITION AND CLASSIFICATION OF
NEW POSITIONS**

9.1 Definition

- (1) "Reclassification" means the modification of a position to a different classification as a result of a change in the responsibilities, duties, training, and/or experience requirements relative to the duties being performed by the incumbent in the position.

9.2 Criteria

When an existing position and/or classification is recommended for reclassification, the request is referred by the immediate supervisor to the appropriate Vice President and then to the Director of Human Resources. It is then referred to the Classification/Reclassification Committee. The committee reviews and makes recommendations as to the effects of:

- (1) Appropriate job classification and salary range for all new positions.
- (2) Reclassification of current positions including recommendation of new job title, salary, and clarifications regarding the content of the classification specification.
- (3) Any proposed changes of hours and/or months of service.
- (4) Transfers and reassignments of administrative and/or certificated personnel that result in a transfer or change of a classified employee's position must be submitted to the Classification/ Reclassification Committee prior to the proposed transfer or change.

9.3 Procedure

(1) Reclassification

Effective July 13, 2006, reclassification requests for all positions must be submitted from November 1 through January 31, in order to be effective for the next fiscal year.

If the duties of a particular position change significantly, further analysis will be necessary to determine whether the position should be given another title for a different placement in the salary structure.

Requests for reclassification shall be initiated through the Human Resources Office. The Human Resources Office shall develop procedures related to the reclassification process and disseminate new or revised information to all bargaining unit members.

Requests for reclassification may be made by the immediate supervisor or by a permanent employee. If the immediate supervisor denies the reclassification request, the employee has the right to proceed to the next level, i.e. Vice President.

If the appropriate Vice President denies the reclassification request or does not agree with the request, he/she should indicate his/her concerns in writing and forward the request to the Director of Human Resources.

The Classification/Reclassification Committee shall then meet and confer on the request and submit a recommendation to the Director of Human Resources on the following: new job title, new salary range, salary increase, no change in job title, proposed changes of hours and/or months of service, or deny the request.

The Director of Human Resources upon receiving the appropriate Vice President's and Classification/Reclassification Committee's recommendations regarding the position, will approve or deny the reclassification. The employee will receive written notification from the Human Resources Office regarding approval or denial of the reclassification.

If the reclassification is recommended for approval by the Classification/Reclassification Committee and denied by the Director of Human Resources, the denial may be appealed to the Superintendent/President by employee or CSEA.

If the Superintendent/President denies the reclassification, he/she shall submit in writing his/her decision of denial to the Director of Human Resources, who in turn will advise the Chairperson of the Classification/Reclassification Committee. The employee will receive written notification from the Human Resources Office regarding approval or denial of the reclassification.

A denial is grievable under Article 18, Grievance Procedure, of this contract. The Classification/Reclassification Committee Chair may request to discuss the denial with the Superintendent/President and the Director of Human Resources.

Reclassified employees will not serve a probationary period and will be placed on the same salary step and/or longevity as held in the previous classification.

Every effort shall be made to process reclassification requests within a thirty (30) work day time frame.

The effective date of reclassification shall be July 1 of the year following the fiscal year in which the request was approved.

(2) Classification

Classification requests occur on an ongoing basis.

After employees have completed three (3) years of service, they shall earn paid sick leave at the rate of one and one-half (1½) days for each month of service. After employees have completed twelve (12) years of service, they shall earn paid sick leave at the rate of two (2) days for each month of service to the District. After employees have completed twenty (20) years of service, they shall earn paid sick leave at the rate of two and one-quarter (2¼) days per month of creditable District service.

Part-time employees shall earn paid sick leave for illness or injury based upon the relation their work schedule bears to full-time employment.

11.1.1 Accumulation Of Sick Leave

Unused sick leave credit shall be accumulated from year to year.

Credit for sick leave shall be made available to all employees on the first day of their contract year and need not be accrued prior to the time employees use sick leave.

However, new employees shall not be eligible to use more than six (6) days of sick leave, or the proportionate amount to which they are entitled, until the first day of the calendar month after completion of six (6) months of active service with the District.

Furthermore, employees who use all of their current annual sick leave credit and subsequently fail to complete their full assignment for the school year shall have deducted from their final pay warrant the amount paid to them for the unearned current annual sick leave.

11.1.2 Verification Of Absence

Verification of absence due to illness or injury for a period of five (5) or more consecutive work days shall be provided by means of a written statement from the employee's physician or licensed medical practitioner certifying illness or injury. Employee shall submit such statement to the Human Resources Office prior to returning to work. If an employee works a shift outside the regular District business hours, that statement shall be submitted to his/her supervisor. Supervisor shall provide such statement to the Human Resources Office.

Employees who are absent from work because of illness or injury for one (1) month (thirty [30] consecutive days) or more shall be required to provide a written statement from the employee's physician or licensed medical practitioner which verifies that the employee is able to return to work and has received the physician's or practitioner's

approval to do so. This written statement shall be submitted to the Human Resources Office before the employee may return to duty.

Verification of absence due to illness or injury for a period of twelve (12) or more days in any given calendar month shall be provided by means of a written statement from the employee's physician or licensed medical practitioner at the District's expense.

11.1.3 Transfer Of Sick Leave

Classified employees who have been employed by another college or school district for a period of one (1) calendar year or more who then subsequently are employed by this District within one (1) calendar year of separation from the prior employing district, shall have transferred to this District the total remaining amount of sick leave accumulated in the prior district to which the employee was entitled.

11.2 Extended Sick Leave

If the extended (other) sick leave period is a result of an industrial injury or illness, the period of eligibility for extended (other) sick leave begins after all other paid leaves and compensatory time are exhausted, and the extended sick leave period shall not exceed five (5) months.

If the extended (other) sick leave period is a result of a non-industrial injury or illness, the period of eligibility begins on the first day of illness or injury and shall extend for a period of five (5) months. This period runs concurrently with all other paid leaves and compensatory time.

After the member exhausts all other paid leaves and compensatory time, they will be entitled to the difference between their salary and the salary of a substitute for the remainder of the five (5) month period beyond the time of paid leaves.

If workers' compensation or State Disability Insurance (SDI) benefits are provided, employees shall be allowed to retain those benefits in addition to the difference in salary, provided the total of all the amounts does not exceed their regular salary.

11.3 Additional Leave For Nonindustrial Accident Or Illness (Education Code Section 88195)

A permanent employee of the classified service who has exhausted all entitlement to sick leave, vacation, compensatory time, overtime, or other available paid leave and is absent because of nonindustrial accident or illness may be granted additional leave, paid or unpaid, not to exceed six (6) months. The board may renew the leave of absence, paid or unpaid, for two (2) additional six (6) month periods or such lesser leave periods that it may provide, but not to exceed a total of eighteen (18) months.

When the employee is able to resume the duties of a position within the classification to which assigned, the employee may do so at any time during the leaves of absence granted under this section and time lost shall not be considered a break in service. The employee shall be restored to a position within the classification to which previously assigned, and if possible, to the position to which previously assigned, and with all rights, benefits and burdens of a permanent employee.

If at the conclusion of all leaves of absence, paid or unpaid, the employee is still unable to assume the duties of the position; the employee shall be placed on a re-employment list for a period of thirty-nine (39) months. Re-employment shall follow the procedures as outlined in Education Code Section 88195.

11.4 Industrial Accident and Illness Leave

11.4.1 Eligibility For Coverage

An employee who either suffers an injury as a direct result of an accident, or develops an illness, arising out of and in the course and scope of employment shall be entitled to a leave of up to sixty (60) working days in any one (1) fiscal year for the same injury or illness.

Eligibility for such coverage shall begin on the first work day of employment. Industrial accident and illness leave shall commence on the first day of absence.

11.4.2 Reporting Procedures

Any accident or illness shall be reported immediately to the supervisor of the involved employee. Within twenty-four (24) hours of a qualifying accident or illness, the employee involved shall complete and file an accident report with the Human Resources Office. In addition, a physician's written report shall be completed and filed with the Human Resources Office. This report shall describe the nature and extent of the injury or illness and the estimated time the employee will be away from work because of the illness or injury.

11.4.3 Use Of Leave

Allowable leave shall not be accumulated from year to year, and when this leave overlaps a fiscal year, the employee shall be entitled to only that amount remaining at the end of the fiscal year in which the injury or illness occurred.

Industrial accident and illness leave will be reduced by one (1) day for each day of authorized absence regardless of a compensation award made under workers' compensation.

This leave is to be used in lieu of normal sick leave.

When entitlement to this leave has been exhausted, entitlement to other sick leave will then be used. However, if an employee is receiving workers' compensation benefits, that employee shall be entitled to use only so much of his/her accumulated or available sick leave, accumulated compensatory time, vacation or other available leave which, when added to the workers' compensation award, provide for a full day's wage or salary.

Payment for wages lost on any day shall not, when added to an award granted the employee under the workers' compensation laws of this state, exceed the normal wage for the day.

During all paid leaves under this section, the employee shall endorse to the District all wage loss benefit checks received under the workers' compensation laws of this state. The District, in turn, shall issue the employee appropriate warrants for payment of wages or salary and shall deduct normal retirement and other authorized contributions.

Upon termination of industrial accident and illness leave, the employee shall be entitled to request extended sick leave benefits, if necessary.

When all available leaves of absence, paid or unpaid, have been exhausted and if the employee is not medically able to assume the duties of the position, then the employee shall, if not placed in another position, be placed on a re-employment list for a period of thirty-nine (39) months or as specified in Education Code Section 88192.

11.5 Rights of Employee Returning From Leave

Upon expiration of a leave of absence, employees shall be placed in the same position in which they previously worked providing the position still exists. If the position does not exist, employees will be placed in a comparable position.

11.7 Use Of State Disability Insurance

In the event of disability and unless otherwise provided by this section, employees shall have the option of:

- (1) Utilizing vacation when eligible to receive State Disability Insurance (SDI) benefits. Under current law, the use of vacation is not considered wages. As such, vacation

shall not be coordinated with SDI, and SDI benefits may be retained by the employee. Pre-approval must be obtained prior to utilizing vacation under normal circumstances;

- (2) Using all accumulated sick leave before using State Disability Insurance basic benefits;
- (3) Using all accumulated compensatory time, after sick leave is exhausted, before using State Disability Insurance basic benefits;
- (4) Using only State Disability Insurance basic benefits before using accumulated sick leave and compensatory time;
- (5) Coordinating State Disability Insurance Basic Benefits with accumulated sick leave and compensatory time after sick leave is exhausted, so that a unit member's daily sick leave, and compensatory time after sick leave is exhausted, will be reduced by only the amount necessary to equal a full day's wage when added to the disability benefit amount.

If at the time a disability claim is made an employee declares in writing that he/she is in the final three years of employment prior to retirement, said employee shall be required to utilize accumulated sick leave before using State Disability Insurance basic benefits for the remainder of the period for which such disability might exist.

11.8 Paid Family Leave Insurance Benefits

Paid Family Leave (PFL) insurance applies to all employees covered by State Disability Insurance (SDI). An employee cannot receive Paid Family Leave insurance benefits while receiving SDI, Unemployment Insurance, or Workers' Compensation insurance benefits.

- (3) Using all available Kin Care leave before using PFL benefits;
- (4) Using only PFL benefits (i.e., not coordinating PFL benefits with available applicable leave);

- (2) The employee will receive differential pay of fifty percent (50%) of the difference between the salaries of the two (2) involved positions at the same steps.

An employee who has worked out of classification for more than five (5) consecutive work days may initiate a request for a higher salary range to the appropriate supervisor and the Director of Human Resources. Such differential pay shall be paid for the entire time the employee works out of classification.

The maximum duration an employee shall be required to work out of classification thirty (30) consecutive work days, at which time the employee shall return to his/her regular position and salary.

If the need to have an employee continue working out of classification exists, and if the employee wishes to do so, he/she may initiate a temporary reassignment. The temporary assignment shall be for a maximum term of thirty (30) consecutive work days. A temporary assignment will not be allowed if the position assigned to is a nine (9) or ten (10) month position and less than thirty (30) days remain in the school year.

If the employee is filling in for someone in a higher classification, who is on vacation and/or extended leave, the employee shall be paid out-of-class pay for assumption of all duties and/or prorated pay for assumption of partial duties. At no time shall the out-of-class pay be less than a five percent (5%) increase for the duration of the out-of-class work. The Director of Human Resources will make the prorated calculation.

15.6 Overtime for Part-Time Employees

The parties agree that Education Code Section 88030 shall apply to those unit members who have an average workday of less than four (4) hours during a workweek.

15.7 Benefits for Part-Time Employees

Classified employees who work a minimum of thirty (30) minutes per day in excess of their part-time assignment for a period of twenty (20) consecutive work days or more shall have their basic assignment changed to reflect the longer hours in order to acquire fringe benefits on a properly prorated basis as specified in Education Code 88035.

15.8 Overtime

"Overtime" is defined as any time required to be worked, assigned by the District, which is in excess of eight (8) hours in any one (1) workday and/or in excess of forty (40) hours in any one (1) calendar week, or as defined in Education Code 88027.

For the purpose of computing the number of hours worked in the paragraph directly above, time during which an employee is excused from work because of holidays, sick leave, vacation, compensatory time off, or other paid leaves of absence, shall be considered as time worked by the employee.

An employee who performs assigned overtime work shall be compensated at a rate of pay which is equal to one and one-half (1½) times the employee's regular rate of pay, or shall be granted compensatory time off at the rate of one and one-half (1½) hours for each overtime hour worked, whichever is selected by the employee.

15.9 Compensatory Time Off

Compensatory time off shall be taken within twelve (12) calendar months following the month in which overtime was worked.

Compensatory time off shall be taken at a time that is approved by the individual employee's immediate supervisor. The immediate supervisor will attempt to arrange for compensatory time off to be taken according to the unit member's preferences, but the needs of the District shall receive first consideration.

No more than fifteen (15) days of compensatory time off shall be accumulated by a member of the bargaining unit.

In the event that the immediate supervisor feels it is necessary for an employee to work additional hours beyond the fifteen (15) days, they must receive written approval from the Director of Human Resources in advance. If there is not sufficient time to receive written approval, the supervisor may contact the Director of Human Resources by phone with a follow up in writing. If the Director of Human Resources is not available, the supervisor may contact the appropriate Vice President in charge.

In lieu of compensatory time off, an employee may receive payment for unused, accumulated compensatory time credited to them. In order to receive such payment, an employee must submit a written request for payment to the Human Resources Office by no later than 5:00 p.m. on the last day of the academic school year.

15.10 Holiday Pay

A bargaining unit member who is required to work on a holiday designated in this Agreement shall be compensated at the employee's regular rate of pay plus one and one-half (1½) times the employee's regular rate of pay.

15.11 Night Shift Differential

Unit members whose regularly scheduled work shifts occur entirely or partly between the hours of 5:00 p.m. and 6:00 a.m. shall be paid a ten (10) percent night shift differential for any hours worked during that time period.

Upon the changeover to summer hours, the night shift differential shall begin at 4:30 p.m.

15.12 Notification of Shift Change

Employees wishing to change from one shift to another vacant shift within the same classification and job title shall submit the request in writing.

Seniority will be utilized to fill the vacant shift, except when a bona fide occupational qualification exists (i.e., a female Custodian required for the women's locker room).

Except in an emergency situation, unit members and the Association will be notified in writing at least five (5) work days prior to a shift or working hour change.

15.13 Conference Travel

Employees shall be compensated the equivalent of the employee's regular work day for approved non-mandated conference travel.

ARTICLE 16 TRANSFER AND REASSIGNMENT

16.1 Definitions

A "transfer" is defined as the relocation of a unit member from one work-site in the District to another work-site in the District.

A "reassignment" is defined as the assignment of a unit member from one job classification or position in the bargaining unit to another job classification or position.

A "permanent" transfer or reassignment is made when a unit member is transferred or reassigned on a permanent basis.

A "temporary" transfer or reassignment is made when a unit member is transferred or reassigned for a specific period of time.

A "District" transfer or reassignment is made when a unit member is temporarily or permanently transferred or reassigned in accordance with a request initiated by a unit member's immediate supervisor or a supervising administrator to adjust for work coverage, to meet the need for special job skill requirements, or to alleviate special work-related problems.

A "voluntary" transfer or reassignment is made upon the District's approval of a unit member's request for voluntary transfer or reassignment. In a voluntary transfer or reassignment, a unit member is permanently transferred or reassigned to a classification whose salary range and step is equal to or lower than the range and step of the unit member's current classification (i.e., lateral or downward movement on the classified salary schedule).

The number of months that a permanent 10-month or 11-month classified employee works does not preclude a voluntary transfer to a lateral or lower transfer from a 10-month to a 12-month assignment.

16.2 Criteria

In all instances, the Superintendent/President, or designee, shall transfer or reassign unit members based on the needs of the District.

Unit members permanently transferred or reassigned under either a District or voluntary transfer or reassignment shall not serve a probationary period, as such term is defined under Article 6.3.

Criteria for District Transfer or Reassignment

The transfer or reassignment of unit members shall not be used to supplant the classified hiring process or to punish or discipline employees.

Under a District transfer or reassignment, a unit member will suffer no loss of salary, seniority, or benefits and must meet the minimum qualifications of the new classification or position.

In all instances, every effort will be made to transfer or reassign unit members within the same or comparable job classifications and salary ranges.

If it is necessary to reassign unit members into a job classification with a salary range that is lower than their present job classification, the employee will continue to be compensated at the higher salary range and step. The salary of the reassigned employee will be frozen at the higher range and step until the lower salary range increases to an equivalent value.

If it is necessary to reassign unit members into a job classification with a salary range that is higher than their present job classification, the employee will be compensated at the higher salary.

Criteria for Voluntary Transfer or Reassignment

Unit members must meet the minimum qualifications of the classification or position requested.

A unit member's seniority will not be affected. His/her salary will be based on the new classification's range and the unit member's current step on the classified salary schedule.

Unit members will receive the benefits available to the classification requested.

16.3 Procedure

Procedure for District Transfer or Assignment

A request for permanent or temporary transfer or reassignment may be initiated by a unit member's immediate supervisor or a supervising administrator.

The permanent or temporary transfer or reassignment of unit members shall be made by completing and processing the Transfer or Reassignment form.

In the event of a permanent or temporary transfer or reassignment, the affected unit member and the exclusive representative shall have received written notification of such

action from the Director of Human Resources at least ten (10) work days prior to the effective date of the transfer or reassignment.

A unit member has the right to appeal the transfer or reassignment to the Director of Human Resources within the ten (10) work day period prior to the effective date of the transfer or reassignment.

In the event of a temporary transfer, the affected unit member will be provided with transportation or reimbursed at the prevailing District rate for additional mileage incurred as a result of the transfer for the duration of the temporary transfer.

Procedure for Voluntary Transfer or Reassignment

Unit members may request a voluntary transfer or reassignment by completing the Request for Voluntary Transfer or Reassignment form.

All requests for voluntary transfer or reassignment will be evaluated based upon unit members' qualifications and the needs of the District. In all instances a unit member will be notified of the disposition of his/her request within forty-eight (48) hours of a final determination.

The affected unit member and exclusive representative shall have received written notification of such action from the Director of Human Resources at least ten (10) work days prior to the effective date of the transfer or reassignment.

ARTICLE 17 LAYOFFS

Layoffs of unit members shall take place because of lack of funds or lack of work and shall be in accordance with the provisions of this Article and pertinent Education Code Sections.

17.1 Definitions

"Layoff for lack of funds or layoff for lack of work" includes any reduction in hours of employment or assignment to a class or grade lower than that in which the employee has permanence, voluntarily consented to by the employee, in order to avoid interruption of employment by layoff.

"Classification" shall be as the word is defined in Education Code Section 88001(a).

"Length of service" shall mean all hours in paid status, whether during the school year, a holiday, recess, or during any period that the College was in session or closed commencing or continuing after July 1, 1971, but does not include any hours compensated solely on an overtime basis as provided for in Education Code Section 88027. Any time served by an employee prior to July 1, 1971, shall be computed by crediting two thousand and eighty (2,080) hours for each year of service with the District whether that service was full-time or part-time.

"Hours in paid status" shall mean service with the District by an employee performed while that employee was in probationary or permanent status.

An "affected reassigned employee" is defined as an employee of the District who has been laid off under this Article but who has been voluntarily reassigned in order to avoid interruption of employment by layoff and thereby becomes subject to the thirty-nine (39) month re-employment provisions of the Education Code and this Article. Such a person is required, in writing, to attest to the fact that she or he voluntarily accepts the reassignment.

An "affected person" is defined as a former employee of the District who has been, or shortly will be, laid off under this Article and thereby becomes subject to the thirty-nine (39) month re-employment provisions of the Education Code and this Article.

"Lower included classifications" are those classifications that have duties and/or minimum qualifications that are included or encompassed in the duties and/or minimum qualifications designated for the senior employee's classification and in accordance with EXHIBIT C.

"PERS" means the California Public Employees' Retirement System.

17.2 Notice of Layoffs

The Director of Human Resources shall inform the President of the Association or designee of the impending layoff(s) by certified mail or by hand delivery no fewer than five (5) work days prior to issuance of any layoff notice(s).

An employee who is to be laid off shall be notified of the impending action by certified mail sent to the most recent address provided to the District by the employee or in person by the Director of Human Resources or designee at least forty-five (45) calendar days prior to the effective date of layoff.

The Notification of Layoff shall contain the effective date, the reason, reassignment rights, if any, re-employment rights and an Employee Response Form.

Within five (5) work days of the date the employee signs the certified mail receipt, the employee is required to file with the Human Resources Office the signed, dated, and completed Employee Response Form which indicates whether or not the employee desires to exercise reassignment rights.

A copy of the Employee Response Form shall be forwarded to the President of the Association within one (1) work day after the Director of Human Resources receives the completed form.

Failure to provide written notice under the provisions of this section shall invalidate the layoff. In addition, failure to follow proper procedures shall be considered an improper layoff. An employee who is improperly laid off shall be re-employed immediately upon discovery of the error and shall be reimbursed for all loss of salary and benefits.

17.3 Order Of Layoffs

The order of layoffs within a classification shall be determined by length of service with the District. The employee who has been employed the shortest time in the classification, plus higher classifications, shall be laid off first. Re-employment shall be in the reverse order of layoff.

In the event two (2) or more employees who are to be laid off have the same length of service, the order of layoff of such employees shall be determined by lot.

Length of service credit for time spent on military leave of absence, unpaid illness leave, unpaid industrial accident or illness leave, unpaid medical leave, or any approved unpaid personal leave shall be granted.

When reclassification results either in a merger of two or more classes or the separation of a class into two or more classes, seniority rights of unit employees who are classified

within the new class shall be computed from the date of their earliest entrance into regular service in the original class.

17.4 Alternatives To Layoff

Employees who are to be laid off may be able to exercise one (1) of the following options in lieu of layoff:

- (1) displace the least senior employee in the same classification or in a lower included classification in which case they shall become an affected reassigned employee;
- (2) retire under provisions of the laws and regulations pertaining to retirement under PERS; or
- (3) apply for any vacant position in the District for which they are qualified; or
- (4) exercise transfer/reassignment rights under Article 16.

Employees who take voluntary demotions or reclassification in lieu of layoff shall be granted the same rights as persons laid off and shall retain eligibility to be considered for re-employment for an additional period of up to twenty-four (24) months; provided, that the same tests of fitness under which they qualified for appointment to the class shall still apply. The Director of Human Resources shall make the determination of the specific period of eligibility for re-employment on a class-by-class basis. Education Code Section 88117.

Employees who take voluntary demotions or reclassifications in lieu of layoff shall be, at the option of the employee, returned to a position in their former classification or to positions with increased assigned time as vacancies become available, and without limitation of time, but if there is a valid re-employment list, they shall be ranked on that list in accordance with their proper seniority. Education Code Section 88117.

17.5 Displacement Procedure

An employee who is to be laid off has so-called "bumping rights" over another employee in the same classification who has been employed the shortest period of time in accordance with Education Code Section 88127 and the procedure that follows.

- (1) An employee who has been notified that he/she will be laid off has the right to displace the most junior employee in his/her classification, or in a like or similar classification.

- (2) If this cannot be accomplished, an employee who has been notified that he/she will be laid off has the right to displace the most junior employee in an equal or lower classification in which the senior employee has served previously.
- (3) If neither of the above are possible, an employee who has been notified that he/she will be laid off has the right to displace the most junior employee in lower included classifications.

17.6 Re-employment Rights

Affected persons and affected reassigned employees who have been laid off under this Article and pertinent Education Code Sections shall be re-employed by the District, if that is possible, in the reverse order of layoff, in accordance with Education Code Sections 88014, 88015, 88017, 88117 and 88127, and shall be subject to the provisions and/or conditions described directly below.

An affected person shall be required, on a continuing basis during the thirty-nine (39) month re-employment period, to notify in writing the Human Resources Office of his/her current address.

If a position in a classification for which the affected person has seniority and is qualified becomes available during the thirty-nine (39) month re-employment period following layoff, the Director of Human Resources will send a written notice by certified mail to that person at the current address offering that person re-employment in the position.

An affected person who receives such an offer of re-employment from the District has three (3) alternatives:

- (1) accept the offer in writing;
- (2) not respond to the offer within ten (10) working days in which case the offer becomes null and void; and,
- (3) reject the offer in writing.

Should the offer be accepted, the affected person shall have up to thirty (30) calendar days from the postmark of the offer of re-employment in which to report to work though he or she may do so earlier than the thirty (30) calendar day maximum.

Should the offer be rejected, such a rejection shall not jeopardize the affected person's re-employment rights during the remainder of the thirty-nine (39) month re-employment period.

17.7 Insurance Provisions

Affected persons shall continue to receive for up to, but for no more than, three (3) months following the date of layoff, the hospital, medical, dental, and vision insurance benefits they were receiving when they were laid off so long as they comply with the conditions described directly below.

- (1) Affected persons are required to notify, in writing, the Director of Human Resources of their continued eligibility for insurance coverage exactly thirty (30), sixty (60) and ninety (90) calendar days following the date of layoff except in either of the two (2) instances described directly below.
- (2) If an affected person accepts employment outside of the District, or if that person is covered by hospital, medical (including prescription card), dental, vision, or life insurance not provided by the District, then the insurance coverage provided by the District shall cease immediately.

17.8 Accrued Vacation/Compensatory Time

Affected persons are entitled to earned vacation and/or compensatory time off credit under the conditions described directly below.

- (1) An affected person may decide to receive monetary compensation for earned vacation and/or compensatory time off credit. Such monetary compensation shall be paid to the affected person on the next regularly scheduled payroll date following the date of layoff of the affected person.
- (2) If an affected person decides to take earned vacation and/or compensatory time off credit instead of compensation, he or she shall begin using any earned vacation and/or compensatory time off the workday immediately following the date of layoff. The District may not require an affected person to use earned vacation and/or compensatory time off during the thirty (30) calendar day notification period.
- (3) Previously scheduled vacations of affected persons shall be canceled.

17.9 Seniority

During the thirty-nine (39) month re-employment period, no affected person shall earn seniority credit or accrue vacation, sick leave, or holiday benefits.

However, the seniority of an affected person shall remain throughout the thirty-nine (39) month re-employment period at the status it was on the date of layoff.

The District shall maintain a current listing of all unit members and affected persons, which indicates date-of-hire seniority and classification seniority. A copy of this listing shall be sent to the CSEA President each June 30th and within twenty-four (24) hours after request.

17.10 Substitutes

At no time can voluntary help, non-bargaining unit employees, certificated employees, contract services, or work study students replace a classified employee who has been laid off due to lack of work or lack of funds. If this is done, the classified employee who has been laid off will immediately be re-employed in their former job classification with no loss of salary or benefits.

17.11 Miscellaneous

The District will notify affected persons and affected reassigned employees by certified mail or other means of delivery that ensures notification to the affected persons or affected reassigned employees and a receipt for delivery of all vacancies. If an affected person or an affected reassigned employee qualifies for the vacancy, the affected individual will be eligible to fill that vacancy without further examination. Eligibility will be determined by experience in lower included classifications or by ability to meet minimum qualifications for the vacancy.

ARTICLE 19

DISCIPLINARY PROCEDURE

19.1 Introduction

Any employee designated as a permanent employee shall be subject to disciplinary action for cause as prescribed by rules or regulations of the governing board, but the governing board's determination of the sufficiency of the cause for disciplinary action shall be conclusive.

No disciplinary action shall be taken for any cause which arose prior to the employee's becoming permanent, nor for any cause which arose more than two years preceding the date of filing of the notice of cause unless such cause was concealed or not disclosed by such employee when it could be reasonably assumed that the employee should have disclosed the facts to the employing district.

An employee receiving a disciplinary action shall have the right to the presence of a representative of his/her choice at all times during these proceedings.

19.2 Definitions

For the purposes of this article, the following definitions apply:

- 19.2.1** **"Progressive discipline"** is the process of changing an employee's behavior through the application of a series of actions that become progressively more severe in nature. However, the sequence and severity of the disciplinary actions may vary depending on the seriousness of the offense and circumstances surrounding it.
- 19.2.2** **"Discipline (disciplinary action)"** is the action or actions taken to change the behavior of employees who fail to follow established rules and regulations, or to meet job performance standards. It is a form of training designed to correct undesirable conduct and encourage the development of self-control. Excepting an action for dismissal, the paramount objective of discipline is not to punish employees by penalizing them for past violations but to change their behavior by making them responsible for their future actions. Disciplinary actions, for the purposes of hearing rights are defined as suspension, demotion, or dismissal.
- 19.2.3** A **"verbal warning"** may be given for a specific behavior that violates District policy, a failure to obey the lawful orders of a supervisor/administrator, any conduct specified under the Dismissal For Cause section of this article, or when circumstances or events occur that makes it necessary for this action to be taken. A verbal warning may be given to an employee by the employee's supervisor, department head/Vice President, or the Chief Human Resource Officer.

Verbal warnings are not punitive in nature. They are notices to an employee that he/she has violated a rule or regulation and must change his/her behavior in such a way

that he/she will not violate the rule or regulation again.

Verbal warnings shall be documented on the Verbal Warning/Written Reprimand Documentation Form.

19.2.4 A "**written reprimand**" is given for the same behavior(s) as a verbal warning and is used when a verbal warning has not affected the appropriate behavioral response on the part of the employee within a reasonable period of time. A written reprimand may be given to the employee by the employee's supervisor, department head/Vice President, or the Chief Human Resource Officer.

Additionally, a written reprimand may be issued when an employee commits a specific act that is of a nature that a verbal warning is deemed to be an insufficient or inappropriate action for the seriousness of the act committed.

Written reprimands shall be documented on the Verbal Warning/Written Reprimand Documentation Form.

19.2.5 "**Suspension**" is an enforced absence, with or without pay, for not more than thirty (30) working days. An employee may be suspended pending the investigation of charges.

19.2.6 "**Demotion**" is an enforced reduction to a lower classification.

19.2.7 "**Dismissal**" is termination from employment for just cause.

Suspension, demotion, or dismissals shall be documented on the Disciplinary Suspension, Demotion, or Dismissal Form.

19.3 Progressive Discipline Procedure

19.3.1 **Disciplinary actions taken against a permanent classified employee must be progressive in nature.** Only in those cases where an employee's conduct includes the activities specified in the Dismissal For Cause section of this article may disciplinary action be taken without a prior attempt to effect appropriate behavioral change in the employee.

19.3.2 **Progressive discipline shall include the following steps:**

(1) Pre- Disciplinary Counseling

Within ten (10) work days of the occurrence of the inappropriate behavior, the supervisor and employee will meet to discuss the employee's behavior. The discussion focuses on actions that the employee must take to bring his/her behavior in line with established rules and regulations and/or expectation standards of job performance.

(2) Verbal Warning

If the inappropriate behavior continues, within ten (10) work days after the repeated occurrence, the supervisor may give the employee a verbal warning. The verbal warning must specify the reasons for the disciplinary action and the corrective actions the employee must take in making an appropriate behavioral change. The supervisor meets with the employee to discuss his/her inappropriate behavior and completes a Verbal Warning Documentation Form.

This document is forwarded to the Chief Human Resource Officer to be placed in a sealed envelope in the employee's personnel file and a copy given to the employee. The employee shall be given five (5) business days after receipt of the Verbal Warning Documentation Form to prepare a written response/rebuttal which shall be placed in the personnel file. If no further disciplinary action is required, all record of the verbal warning and the response/rebuttal shall be destroyed two years after its date of issue.

(3) Written Reprimand

If the employee has received one (1) or more verbal warnings and his/her behavior continues to be inappropriate, or if he/she commits an act considered to be of a serious nature, the employee may be given a written reprimand. The written reprimand must specify the reasons for the disciplinary action and the corrective actions the employee must take in making the appropriate behavioral change. Within two (2) work days a Written Reprimand Documentation Form will be completed and forwarded to the Chief Human Resource Officer to be placed in a sealed envelope in the employee's personnel file with a copy given to the employee. The employee shall be given five (5) business days after receipt of the Written Reprimand Documentation Form to prepare a written response/rebuttal which shall be placed in the personnel file. If no further disciplinary actions are initiated within a three (3) year period, disciplinary action documents, including the response/rebuttal shall be purged from the employee's personnel file and destroyed.

(4) Suspension, Demotion or Dismissal

Resolution No. 13019: **NEGOTIATIONS AGREEMENT BETWEEN THE DISTRICT AND CSEA CHAPTER 472**

BE IT RESOLVED that the Board approves the negotiated Agreement for 2003-2004 between the Imperial Community College District and CSEA Chapter 472 as follows:

1. Salary:

a) No salary increase for fiscal year 2003–2004.

b) A 5% on-schedule salary increase effective July 1, 2004.

c) Effective July 1, 2005, the District shall use future COLA monies received from the state for salary increases for IVC employees in at least the same proportion as salaries are represented in the total apportionment funds. For example, if salaries represent 80% (eighty percent) of our total revenue apportionment for the year and a 3% (three percent) COLA is granted, then at least 80% of the 3% COLA must be used for salary increases.

2. Effective July 1, 2004, add step L to the longevity steps of the Classified Salary Schedule so that an employee shall receive a 5% increase in salary at the beginning of the 26th year of service.

3. Maintain total health insurance benefits at the current level for classified employees and retirees hired prior to July 1, 2004.

4. Add a new subparagraph (4) to Article 10.2: (4) Classified employees hired after July 1, 2004, will not be eligible for the health insurance benefits provided under Article 10.2 after the age of 65.

5. Replace the existing subparagraph (4) of Article 10.3 with the language below, and renumber the existing subparagraph (4) as subparagraph (5):

(4) Classified employees hired after July 1, 2004, will not be eligible for the health insurance benefits provided under Article 10.3 after the age of 65.

6. Revise Article 11.9, Bereavement Leave, to include “stepparent” and “stepchild” in the definition of “member of the immediate family.”

7. Revise Article 11.19, Catastrophic Leave Pool Program, to allow faculty and administrators to donate eligible leave credits of no less than eight hours and no more than 24 hours to the pool per fiscal year, but not be eligible to utilize the pool.

8. Revise Article 20, Professional Growth Program, as reflected in Attachment A.
9. Delete the following language from Article 13, Holidays (including examples): “Any future salary schedule increases which cumulatively exceed the COLA will result in the reduction in the number of paid holidays at a ratio of one (1) holiday for each cumulative 5% salary increase over COLA until the number of remaining holidays have reached 16.”
10. Revise Article 17.2, Notice of Layoffs, to extend the 30-day layoff notice to 45 days, in accordance with current law, and to add the following language to Article 17.3, Order of Layoffs: more classes or the separation of a class into two or more classes, seniority rights of unit employees who are classified within the new class shall be computed from the date of their earliest entrance into regular service in the original class.”
11. Golden Handshake: add two years of service, as a retirement incentive, for fiscal years 2003–2004 and 2004–2005.

Resolution No. 13070: **MEMORANDUM OF UNDERSTANDING**

WHEREAS a Memorandum of Understanding is entered into between IMPERIAL COMMUNITY COLLEGE DISTRICT (“District”) and CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION, CHAPTER 472 (“CSEA”); and

WHEREAS, in accordance with the collective bargaining agreement between the District and CSEA, effective July 1, 2002, reclassification requests for District-funded positions must be submitted between January 15 and February 15, and no requests will be considered before or after this period;

WHEREAS, existing reclassification provisions adversely affect categorically funded positions in that funds must be used within a specified timeframe;

WHEREAS, because of this adverse effect, reclassification requests for categorically-funded positions have been submitted to, and reviewed by, the Reclassification/Classification Committee outside of the January 15 through February 15 reclassification review period;

WHEREAS, because the provisions of the collective bargaining agreement are not clear with regard to District-funded positions that are vacant and open for recruitment and additional positions, reclassification requests were previously submitted to, and reviewed by, the Reclassification/Classification Committee outside of the January 15 through February 15 reclassification review period;

WHEREAS that the parties understand and agree as follows:

1. Until the existing reclassification provisions are clarified, the following positions shall be exempt from the reclassification provisions of the collective bargaining agreement between the District and CSEA:
 - a. All categorically-funded positions;
 - b. District-funded positions that are vacant and open for recruitment;
 - c. District-funded positions that are additional to an existing classification (i.e., increasing the number of Microcomputer Technicians from two to three positions)
