Recent Enrollment Demand: High Medium Low

Projection for Future Demand : Growing Stable Declining

Opportunity Analysis: (Successes, new curriculum development, alternative delivery mechanisms, interdisciplinary strategies, etc.)

Anthropology needs more instructors. Currently there is one full-time and one part-time instructor. We loss two part-time instructors this year and it limits the amount of classes we can offer until there is more staff. It has been difficult to attract instructors in the local area who meet the qualifications. The classroom and instructor's office have moved to the new Science building which appears to be a much better fit.

One area of concern is the low number of degrees completed since Fall 2009. The total number is 3.

Offer online options. This can allow us to hire instructors who may not live in the immediate area.

Continue to assess and revise course materials to maintain relevancy to discipline and a culturally diverse student body

Realign the program with emerging TMC.

Summary of Program "Health" Evaluation: (Including consideration of size, score, productivity and quality of outcomes)

Fill-rates have been exceptional over the last three years. Every semester enrollment has been over 100%, ranging from 103% in Spring of 2012 to 122% in Fall of 2010. This demonstrates the appeal of the program offerings even if students do not select it as a major. We once offered eight courses now it's down to six. Class size in each semester was above the 40 student cap. The completion rate averages around 85% showing a gradual improvement. Success rates have been low but are improving too, ranging from 69% in F-09 to 82% in Spring of 2012.

Anthropology remains a stable and viable program.

Student Learning Outcomes and Program Learning Outcomes

Student Learning Outcomes Assessment-completion

- All courses have identified SLOs equivalent to their number of units
- SLOs are posted on faculty syllabi
- SLOs are posted on curricunet
- New Chair of Department will monitor the collection, assessments, and posting of SLOs on website

Program Learning Outcomes Assessment

- All courses have identified SLOs equivalent to their number of units
- SLOs are posted on faculty syllabi
- SLOs are posted on curricunet

Success Rate of Student Learning

- Increasing faculty involvement in collecting the data for assessment
- SLOs are standing agenda items
- New Chair of Department will monitor the collection, assessments, and posting of SLOs on website

Future Goals of Program

Need to hire additional instructors to expand offerings.

Resource requests from annual program review

More part-time instructors
