### PROGRAM REVIEW

### NON-ACADEMIC PROGRAMS

#### The Upward Bound

I. **PROGRAM/DEPARTMENT DISCRIPTION** (include Vision; Mission; Services-Functions; Funding Sources Statement)

Upward Bound Program provides fundamental support to participants in their preparation for college entrance. The program provides participants the opportunities to succeed in pre-college performances and ultimately in higher education pursuits. Upward Bound serves high school students from low-income families and neither parent holds a bachelor's degree.

Upward Bound is a highly successful college-based program providing the following service offerings: Academic Tutoring Services; Advice and Assistance in secondary and Postsecondary Course Selections Services; Preparation for College Entrance Exam Services; Federal Financial Aid Services; Guidance on and Assistance in Secondary School Reentry and Entry into Postsecondary Services; Instructional Curriculum; Counseling Services; Exposure to Educational and Cultural Fieldtrip and Event Services; Mentor and Career Internship Services; and Limited English Proficient, Disabled, Homeless, Foster care and Disconnected Youth Services.

Upward Bound provides the support and the assistance that gives students the opportunity to develop the skills necessary to succeed in college. One of the most important aspects of the Upward Bound Program is the Summer Residential Component. During the summer, students live at the University of California, San Diego campus, and attend summer school with an emphasis on English, mathematics, science, reading, writing, and career orientation. Instruction during the summer residential component is often individualized, thus providing an excellent opportunity for the students to work on their academic weaknesses.

**Funding Source Statement:** Upward Bound is federally funded by the US Department of Education, Washington D.C.

The second UB cohort of continuing students reported in this section 2009 continued at a rate of 97.6%. The third UB cohort 2011 continued at the rate of 97.0%. The fourth 2011 continued at a higher rate of 100.0%. The fifth 2012 UB cohort continued at a lower rate of 98.8%. And the sixth 2013 cohort continues without drops at this time.

- IV. **ANALYSIS** (evaluate the strengths, challenges, opportunities and needs of your program/department provide thorough interpretation of data and complexity of analysis)

The US Department of Education requires the Upward Bound Program to submit annual performance reports during the five-year funding cycle using the Education Department's on-line function. This analysis system collects data about the project to enable and determine if the Upward Bound Program is making substantial progress toward meeting approved project objectives.

The Imperial Valley College Upward Bound Program has met the objectives proposed by the US Department of Education: They are:

1. Academic Performance (GPA)
2. Academic Performance (Standardized Test Scores)
3. Retention and Graduation
4. Completion of Rigorous Program of Study
5. Postsecondary enrollment
6. Postsecondary Completion.

The primary source of data collection is from the target schools from the SIS system. The UB staff collects data on a monthly, quarterly, and semester basis working with the target counselors' to analyze the data using the student charts and transcripts as described in the evaluation plan of the grant proposal.

- V. **FINDINGS & FUTURE DIRECTION** (summarize findings and indicate how the findings have shaped decision making; areas of concern are addressed; provide recommendations for future direction of your program/department and address applicable needs (funding, facilities, staffing technology, professional development, marketing.)

Recommendations: The annual reports (summative) are used to provide the program, target school principals, community college counselors, IVC, parents, participants and participating partners. The reports used provide data and analysis pertinent to student and project performance. Decision making is used to discuss the assess changes that will be used to help improve the project: 1. increase the number enrolled in and completing a college credit curriculum with a cumulative GPA of 2.5 or better upon graduation: 2. focus on who are the students who graduate with less than 2 years of mathematics beyond Algebra I and why. On the Post-Secondary Education level the Project will: 3. Focus on who did not meet "a-g" subject criteria for minimum eligibility necessary for admission to UC/CSU Systems; 4. Identify secondary course curriculum (AP, Honors) of UB graduates who placed in English/Math courses without remediation; and determine what can be done to increase the number of current participants who will enroll in PSE courses without the need for remediation; 5. Assess if there is a pattern related to groups of UB graduates who appear to have a stronger Post-Secondary Education persistence rate, on track performance and completion rate within 6 years.

- VI. **PROCESS IMPROVEMENT OPPORTUNITIES** (Identify three processes for improvement in terms of: 1) Work efficiency, 2) Cost reductions, and 3) Contributions to student enrollment and/or success. Identify one or more institutional goals supported by each process.)

**Work efficiency** – The efficiency of the Upward Bound Program is based on the support and relies on IVC and the collaboration of community (14) Partnerships.

**Institutional Goal One Objective 1.3** Develop systems and procedures to ensure that the college maintains a collegial and self-reflective dialogue that improves effectiveness;

**Institutional Goal Two Objective 2.1** Ensure that all instructional programs, regardless of locations or means of delivery, address and meet the current and future needs of students and **Objective 2.3** Ensure that all Student Services Programs, regardless of location or means of deliver, address and meet the current and future needs of students.

**Cost reductions** – Improving Productivity significantly increases efficiency through the use and sharing of resources from the college and partnership which has reduced cost for the Upward Bound Program. Cost Sharing is addressed in **Institutional Goal Two Objective 2.6 Ensure** that instructional labs continue to collaborate in sharing financial and human resources, thus maintaining continuous quality improvement.

**Contributions to student enrollment and success** – The Upward Bound Program contributes to student enrollment and success by working in collaboration with the Imperial Valley College and the Imperial Valley University Partnership to meet objective 6 for successful outcomes. This innovative college pipe-line is undertaken by IVC and SDSU, Imperial Valley Campus. They are dedicated to admitting students in the program while improving student outcomes. **Institutional Goal TWO Objective 2.1** Ensure that all instructional programs, regardless of locations or means of delivery, address and meet the current and future needs of students and **Objective 2.3** Ensure that all Student Services Programs, regardless of location or means of delivery, address and meet the current and future needs of students.

**FUTURE – LIST OF “SMART” (SPECIFIC MEASURABLE ATTAINABLE RELEVANT TIME-LIMITED) PROGRAM OBJECTIVES FOR NEXT ACADEMIC YEAR TO ADDRESS PROGRAM IMPROVEMENT, GROWTH, OR UNMET NEEDS/GOALS. ALL PROGRAM GOALS MUST ADDRESS AT LEAST ONE OF THE INSTITUTIONAL GOALS.**
