**Subject:** Room Divider Information

Mary,

I told Jimmy Sanders that I would send him the information on the soundproof room dividers that COD is using in their new and remolded classrooms, could you forward this information to him. COD is using movable walls from Modernfold, the web address is: <http://www.modernfold.com>. We were told at a recent ACCJC workshop at COD that they would be happy to have us come up and see how these look and how the classrooms were configured to be flexible.

Please let me know if you have any questions.

Than you

*Kathy*
