Attachments: [Merged timeline for Academic Yr 2014-2015.docx](#)
Importance: High

Attached is a merged timeline for all the activities we have to accomplish before December 12, 2014!! The further you go down the list, the less accurate my dates may be. For instance committee approvals in December may not occur in the last week of the semester.

Please make changes / suggestions and/or forward as you feel appropriate.

Timeline for Special Follow-up Report (Due 03-2015) Midterm Report (Due 01-2016)

We anticipate that our recent Follow-Up and Special Report site visits will result in a need for another follow up response by March 2015 especially regarding the recommendation about finance. The Midterm Report is also the third year after the comprehensive site visit – 2016.

“Institutions are required to submit a Midterm Report in the third year following the External Evaluation Team visit. The Midterm Report includes a narrative analysis and evidence that (1) demonstrates how deficiencies have been resolved (2) describes progress on recommendations for improvement and (3) identifies the status of the institution’s self-identified improvement plans (formerly planning agenda items) from the Institutional Self-Evaluation.” (Guidelines for Preparing Institutional Reports to the Commission 01-2014)
