NON-ACADEMIC PROGRAMS

**I. PROGRAM/DEPARTMENT DISCRPTION (include Vision; Mission; Services-
Functions; Funding Sources Statement)**

CalWORKs Assessment Program is a categorically state funded program committed to providing CalWORKs participants with quality vocational Assessment services and career guidance. In addition, the program offers HOPE (Helping Obtain Permanent Employment) Workshop that enables participants to achieve success in the workforce.

**II. SERVICE AREA OUTCOMES (identify outcomes; methods, implementation of
assessment process; results; decisions & recommendations)**

1. Outcome #1: CalWORKs participants will receive appropriate recommendations in the Welfare-to-Work Plan and suitable information during the Exit Interview to address the participants' needs to become self-sufficient.

Est. Completion Date: On-going Way(s) to assess: Perform a comprehensive review of the Welfare-to-Work Plan for each participant on a daily basis, to ensure recommendations were appropriate.

2. Outcome #2: Participants will complete successfully the following: SAGE (System for Assessment and Group Evaluation) Test; Vocational Interest Inventory Test and Temperament Factor Assessment Test.

Est. Completion Date: 6-30-2013 Way(s) to assess: CalWORKs participants will obtain a copy of their interests and temperaments results during the Assessment Exit Interview.

3. Outcome #3: To improve efficiency and cost, a Computerized SAGE (System for Assessment and Group Evaluation) Test could be offered to all participants during Assessment.

Est. Completion Date: 6-30-2014 Way(s) to assess: Participants will complete the Computerized version of the SAGE Test (Vocational Interest Inventory and Temperament Factor Assessment test).

4. Outcome #4. Participants will demonstrate the ability to successfully seek and obtain employment during the HOPE Workshop.

Est. Completion Date: On-going Way(s) to assess: Reviewing resumes, applications, business cards, appropriate job search and mock interviews.

- III. **DATA** (use data pertinent to your program/department; include qualitative and quantitative data; survey-evaluation results; and other relevant data to assess program/department effectiveness)

Assessment Data 2011-12(See Table 1 attached)

HOPE Workshop Data 2011-12(See Table 2 attached)

CalWORKs Job Choices Results 2012-13 (See Table 3 attached)

- IV. **ANALYSIS** (evaluate the strengths, challenges, opportunities and needs of your program/department provide thorough interpretation of data and complexity of analysis)

The CalWORKs Assessment Data table (attachment 1) clearly demonstrates the continuous participation of CalWORKs participants in the Assessment component. Although, Department of Social Services refers participants to complete Assessment as part of their required activities, it is out the program's control the rate of attendance.

The HOPE Workshop Data table (attachment 2) shows a decrease of participation rate in the last three months and could be contributed to seasonal employment. In addition, we expect to see a higher decrease of participation rate in the upcoming months due to changes in regulations being implemented by the Department of Social Services. CalWORKs participants will be required to participate in less hours per week depending on their family status.

The Job Choices Data table (attachment 3) reflects the recommendations provided by Assessment Counselors to participants during the Exit Interview in Assessment. As it shows in the table, Health Care, Clerical and Retail are the most recommended areas for CalWORKs participants. According to the Employment Development Department (EDD), these occupational areas have the highest potential for employment in the local area.

- V. **FINDINGS & FUTURE DIRECTION** (summarize findings and indicate how the findings have shaped decision making; areas of concern are addressed; provide recommendations for future direction of your program/department and address applicable needs (funding, facilities, staffing technology, professional development, marketing.)

We constantly assess and evaluate our current services in our two components Assessment and HOPE Workshop and adapt to the new regulations by the Department of Social Services (County, State and Federal guidelines). The CalWORKs Assessment program is committed to provide efficiency on a daily basis to ensure participants' success in the workforce.

The implementation of the SAGE Computerized test will eliminate cost of testing materials, testing time and improve Counselors recommendations according to the participants' test results.

Providing participants with mock interviews during the HOPE Workshop could improve chances for them to obtain employment and be successful in the workforce. Counselors will provide individual or group interviews for practice and confidence.

Counselors are responsible of job recommendations for participants during the Exit Interview; therefore, awareness of vocational trainings and employment outlook in the local area is essential to provide appropriate recommendations on the Welfare-to-Work Plan. Counselors attend Career and Job Fairs, and conferences throughout the year to be aware of opportunities available.

- VI. **PROCESS IMPROVEMENT OPPORTUNITIES** (Identify three processes for improvement in terms of: 1) Work efficiency, 2) Cost reductions, and 3) Contributions to student enrollment and/or success. Identify one or more institutional goals supported by each process.)

See Table
