Members of the Board of Trustees Imperial Community College District

On April 26, 2019, the Chancellor's Office released a revision to the 2018-19 First Principal Apportionment. The revision redefined several factors within the new Student Centered Funding Formula (SCFF). The new Student Centered Funding Formula is complicated and we expected some minor changes during the first several years of implementation. Unfortunately, the late revision negatively affected funding for our district.

The district adopted a balanced budget for the past several years; however, the 2019-20 budget reflects a deficit. For the 2019-20 budget year, the total anticipated revenues are \$3.9 million less than the adopted 2018-19 budget driven by the drastic revisions made to the SCFF. The total estimated expenses for 2019-20 will decrease by approximately \$688,000, resulting in a structural deficit for the budget year.

The budget shows an ending fund balance reserve of \$5,987,199 or 12% of total unrestricted expenditures.

Cash flow for operating activities continues to remain stable, primarily due to increased funding in ongoing revenue streams and the district's reserves. There will be no need to seek short-term loans for cash flow purposes.

The projected revenues, expenses and reserves are contingent upon all of the following assumptions holding during the FY 2019-20:

1. No significant changes to SCFF funding factors.
2. Cost of Living Adjustment (COLA) of 3.26%.
3. The District enrollment maintains at 7,450 FTES or greater.
4. Backfill 100% of any property tax shortage.
5. No increase to the health and welfare rates for employees and board members.

The District will continue striving to balance its budget while meeting the needs of our community. As we look into the near future in FY 2019-20, we will not lose sight of the District's obligations for FY 2020-21 and beyond and the impact on the district's reserves. Additionally, we will need to concentrate efforts on meeting student performance outcomes as prescribed by the new SCFF. Some significant obligations to consider for current year and long term fiscal planning are as follows:

1. Current and future labor contracts.
2. Potential future increase in the cost of providing health insurance.
3. Facilities scheduled maintenance and equipment replacement.

4. Staff needed to meet changing operational structure of the college.
5. Retiree health and welfare benefits (OPEB - GASB 45) funding.
6. Employee pension (STRS and PERS) contribution rate increases.

The Tentative Budget is a projection based on our best estimate at this point for anticipated revenues, and expenditures based primarily on the Governor's May Revise. The Tentative Budget is a continuing resolution intended to provide sufficient funds to operate until the fiscal 2019-2020 Final Budget is adopted in September 2019. While preliminary information in the Governor's May Revise has been received, deliberations continue and final allocations have not been established; therefore, these assumptions have not been included in the Tentative Budget.

Sincerely,

Martha O. Garcia, Ed.D.
Superintendent/President

TENTATIVE BUDGET 2019-2020 GENERAL FUND RESTRICTED - 12

The primary purpose of the General Fund Restricted (Categorical and Grants) is to enhance the educational experience and success of students with funding sources that are specifically restricted in use by law, regulations, or outside agencies.

Federal programs include Federal Work Study, Title IV Upward Bound and Talent Search (TRIO), Carl D. Perkins IV Career and Technical Education, Title V Hispanic Serving Institutions, Title II Workforce Innovation and Opportunity Act (WIOA), and Temporary Assistance to Needy Family (TANF).

State programs include Student Success and Support Program and Student Equity, Extended Opportunities Programs and Services (EOPS), Board Financial Assistance Program (BFAP), Cooperative Agencies Resources for Education (CARE), Disabled Students Programs and Services (DSPS), CalWORKS Program, Nursing Grants, Foster Care, Guided Pathways, Veterans Resource Center, Basic Skills, Staff Diversity, Career and Technical Education (CTE), California Career Pathways Trust Grant (CCPT), Adult Education Block Grant (AEBG), regional and local Strong Workforce Programs (SWP), and the Restricted Proposition 20 Lottery.

The restrictions imposed on the General Fund Restricted are externally-imposed restrictions and are contrasted with internally-created designations that are imposed by the governing board on unrestricted moneys. Restricted funds are from a specific source that are required to be used for clearly defined purposes, mandates require reporting formats and timelines, and impose performance periods when funds should be used.

TENTATIVE BUDGET 2019-2020 CHILD DEVELOPMENT FUND – 33

The Child Development Fund is a special revenue, restricted fund designated to account for all revenues for, or from the operation of, child-care and development services, including federal, state, or local grants, student fees for child development services, and transfers from the General Fund Unrestricted.

Costs incurred in the operation and maintenance of the child-care and development services are paid from this fund. However, those segments of child-care and development activities that are part of the instructional activity of the District are accounted for in the General Fund Unrestricted.

As a restricted fund, revenues and expenses are accounted for in the same manner as the General Fund Restricted, with similar requirements for use of funds, reporting and performance periods.

CERTIFICATE OF PARTICIPATION FUND – 51

In June, 2004, the District issued Certificates of Participation in the amount of \$3,500,000. A Certificate of Participation is a method of funding used by governing agencies for capital equipment, construction or improvement of public facilities. By use of a lease-type repayment structure, the monies needed to fund these building projects by California State law, constitute a public debt; therefore, they do not require voter approval.

Other key elements of the COP are:

- Facilities are implemented more quickly than those approved by a General Obligation Bond.
- COPs obligate the General Fund.
- COPs can encumber the facility and the land.

The District used these funds to purchase capital equipment and computers at the main campus and the Calexico site.

Payments of this debt were made from the General Fund Unrestricted and has been paid in full.

The Student Financial Aid Fund is a trust fund used to account for the deposit and direct payment of government-funded student financial aid, including grants or other funds intended for similar purposes, and the required district matching share of payments to students.

Funds for federal work-study programs are not accounted for in the Student Financial Aid Fund. While the objective of federal work-study program is to provide financial assistance to students, services must be performed by students as a condition for receiving the money. Such expenditures are for salaries, not financial aid, and are recorded in the General Fund Restricted.

Proposition 30 was approved by the voters of California on November 6, 2012. Proposition 30 added Article XIII, Section 36 to the California Constitution which not only impacts cash flow patterns in school districts but also has an accountability component. The Proposition provides that all K-14 local agencies have the sole authority to determine how the funds received from Education Protection Account (EPA) are spent, but with the following provisions:

1. The spending plan must be approved by the governing board during a public meeting.
2. EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs.
3. Each year, the local agency must publish on its website an accounting of how much money was received
