VI. Did the district have significant events for the quarter (include incurrence of long-term debt, settlement of audit findings or legal suits, significant differences in budgeted revenues or expenditures, borrowing of funds (TRANs), issuance of COPs, etc.)?

NO

If yes, list events and their financial ramifications. (Enter explanation below, include additional pages if needed.)

VII.Does the district have significant fiscal problems that must be addressed?

This year? YES Next year? YES

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

Lack of appropriate growth funding, increased cash deferrals, reduction in work-load measures, reduction in categorical program funding, 0% COLA and additional cuts proposed for fiscal year 2011-12 are major contributing factors to our current and projected financial position. The district and the various represented and unrepresented groups have reached agreement on compensation packages and other cost containment measures to maintain district reserves at 6% for fiscal year 2010-11. Discussions continue as to how to address the budget shortfall projected for fiscal year 2011-12. The district continues with the pay-as-you-go method of funding GASB 45 but intends to develop a plan to fully fund its GASB 45 liability.

c. Provide an explanation on how the district intends to fund the salary and benefit increases, and also identify the revenue source/object code.
