John Abarca spoke and stated Resolution 14147, should not be pulled. He stated the following:
"Good evening Board of Trustees, my name is John Abarca and I am the CSEA President at Imperial Valley College. Tonight you will be asked to pull Resolution 14147 which is the transfer/reassignment for Michael Boyle who is facing a layoff. We do not agree with pulling this item since pulling the item would violate Mr. Boyle's rights under the provisions of Article 17.11 of the CSEA/IVC contract. On May 15, 2008 I met with Travis Gregory, Associate Dean of Human Resources to discuss Mr. Boyle's decision to select the option of transferring to the Microcomputer Technician position which was listed as one of the choices in the Response Form that he had received. At the meeting we were informed that IVC's legal counsel had confirmed that the transfer was allowed as per Article 17.11 which reads: *The District will notify affected persons and affected reassigned employees by certified mail or other means of delivery that ensures notification to the affected persons or affected reassigned employees and a receipt for delivery of all vacancies. If an affected person or an affected reassigned employee qualifies for the vacancy, the affected individual will be eligible to fill that vacancy without further*

Re: Resignation Notice

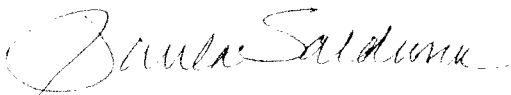

Dear Dr. Gould,

Please accept this letter as notice of my resignation from the position of President's Office Technician at Imperial Valley College. My last day of employment will be June 13, 2008.

Over the past 2 ½ years, I have had the pleasure and privilege of working with and being part of a great family of students, Board members, administrators, faculty and staff. I feel very fortunate to have been associated with such a great group of people. My experiences and training have been invaluable, and I will leave with many pleasant memories.

I wish the college continued success in the future.

Sincerely,

A handwritten signature in cursive script that reads "Paula Saldana".

examination. Eligibility will be determined by experience in lower included classifications or by ability to meet minimum qualifications for the vacancy. We were also informed by Associate Dean Gregory that Mr. Boyle met the requirements for the position. We agreed that we would proceed with Mr. Boyle's transfer with the stipulation that a 90-day non binding meeting would take place. CSEA did not receive any communication from the District informing us that they had changed their minds. In fact, it was only until I saw the Board agenda that I realized that the transfer would be presented to you tonight. We assumed that everything was good to go. On May 16th I was informed by Mr. Gregory that upon further review the transfer would have to be pulled from the agenda. The first reason was due to a 2+2 meeting requirement. We disagreed; the second reason was due to budget considerations; that didn't make sense to us either because the position had been included in the budget. The third excuse we got was relating to Article 17.4 and the suggestion that the District was not recruiting for the position. Again, this was irrelevant and did not make any sense to us. The fact of the matter is that CSEA and Mr. Boyle were handed a legal binding document offering Mr. Boyle a vacant position that by listing that position as option was deemed available for transfer/reassignment. Mr. Boyle's request for that position was based on provisions under Article 17.11 Miscellaneous. It was not only confirmed by Mr. Gregory that the move was allowed under the provisions of Article 17.11 as per IVC's legal counsel's suggestion, but it was also confirmed that Mr. Boyle did in fact meet the requirements for the position. You may hear that this move cannot be done, but in actuality we have done this before on at least three different occasions. We seriously question the motives behind this last minute effort to negate on something that we had already agreed upon. I urge the Board to not violate Mr. Boyle's rights tonight and those of CSEA. I urge the Board to not violate fair labor practices by pulling this item. Thank you."

Microcomputer Lab Assistant Michael Boyle and stated he was speaking regarding Resolutions 14146 and 14147. He urged the Board to pass both resolutions. He stated the following, "Good evening. My name is Clarence Michael Boyle. I am currently the Microcomputer Lab Assistant in the Workforce Development Center. I would like to speak to you about two resolutions that are before the Board this evening, resolutions 14146 and 14147. Resolution 14146 is about me being laid off and resolution 14147 is about my reassignment to a different position. My layoff notice was hand delivered by Travis Gregory on April 29, 2008. My layoff notice notified me of my rights in accordance with the California Education Code, and the CSEA Contract. The CSEA Contract says my rights are:

1. To displace the least senior employee in the same classification or in a lower included classification in which case they will become an affected reassigned employee;
2. To retire under provisions of the laws and regulations pertaining to retirement under PERS;
- or
3. To apply for any vacant position in the District for which they are qualified; or
4. To exercise transfer/reassignment rights under Article 16.

With my layoff notice I also received an Employee Response Form that listed my options with the addition of a list of all vacancies, as per the CSEA Contract. Since I did not want to be responsible for a fellow employee losing their job, I chose to fill a vacancy. The vacancy I chose was Microcomputer Technician which is a Range 23, and turned the Employee Response Form in on April 30, 2008. On May 15, 2008 at 3:00 P.M. John Abarca (the CSEA President), Travis Gregory (the Associate Dean of Human Resources), Zula Hartfield (Human Resource Analyst), and myself met in the office of Human Resources. Mr. Gregory informed us:

- That Human Resources had determined that I do in fact meet the minimum qualifications for the Microcomputer Technician position.
- That the Imperial Valley College's legal counsel confirmed that our interpretation of the contract was correct.
- That Dr. Gould was agreeable to this solution with the stipulation that there was a six month probation.

We informed Mr. Gregory that a probation period was unacceptable since I had already served my probation eight years ago. Mr. Gregory agreed and said Dr. Gould would settle for a 90 day nonbinding meeting. The CSEA and I agreed to this stipulation. At that point Mr. Gregory led us to believe that Imperial Valley College agreed with my option choice. Then on June 16, 2008 we

received word from Mr. Gregory that Dr. Gould was not in agreement. We heard many reasons why I could not move up in range or why this move could not be made. All of which were, in my opinion, invalid. The CSEA Contract clearly states in Article 17.11 subtitle Miscellaneous: The District will notify affected persons and affected reassigned employees by certified mail or other means of delivery that ensures notification to the affected persons or affected reassigned employees and a receipt for delivery of all vacancies. If an affected person or an affected reassigned employee qualifies for the vacancy, the affected individual will be eligible to fill that vacancy without further examination. Eligibility will be determined by experience in lower included classifications or by ability to meet minimum qualifications for the vacancy. The contract language is very clear and it is important to note that it says, "all vacancies". It does not stipulate that only open vacancies be listed. It also does not make any stipulations about classification or range. It simply states that if the affected person or affected reassigned employee meets the minimum qualifications that person or employee is eligible to fill that vacancy "without further examination". It also does not say that the Imperial Valley College administration has the right to negate, amend, or disregard any part of Article 17.11. I strongly urge this Board to uphold Imperial Valley College's end of the contract, with the CSEA, by passing resolutions 14146 and 14147 as included in your agenda. Thank you for giving me the opportunity to speak to you this evening."

Trustee Galindo asked if there were San Pasqual students in the program.

Resolution No. 14124: Tentative Budget 2008-2009**

Discussion

A motion was made by Trustee Cardenas. Second motion by Trustee Acuña.

Director Fletes stated the budget is lean and a lot of work has been put in. He stated the budget was produced with 0% COLA. He stated a lot of it is riding on future legislation and will know more once the budget is adopted. He stated it was easier to add then to subtract once the budget is approved and stated this was a conservative budget. He stated some assumptions were made with future liabilities. He stated he hoped that the 2% growth would be funded and that COLA would hopefully be better than 0%. He stated budget is very much alive and it will continue to change during the summer and more information is received from the state.

Trustee Cardenas stated he heard that the state may not approve the budget until September or October.

Director Fletes stated that IVC will pursue a line of credit with the County of Imperial and with local banks in case there is a need to meet financial obligations while the budget is passed. He stated IVC normally gets the county property tax portion in December and that may be advanced if needed. He stated our current reserves would serve us for one to one and one half months.

Board President Ramirez noted the public hearing date of September 10th.

Resolution

BE IT RESOLVED that the Tentative Budget for fiscal year 2008-09 be approved.

BE IT FURTHER RESOLVED that the public hearing for the 2008-09 Final Budget is hereby set for Wednesday, September 10, 2008, at 6:00 p.m. in the Administration Building Board Room.
