III. Discussion Items

1. IGETC UC Pattern – acceptable as a general education option for all transfer degrees for 17-18 – Kristen

The IGETC UC pattern has not been used in the past for ADTs. Kristen has confirmed that this pattern is acceptable as long as students are notified that it does not apply to CSU admission. Earning a transfer degree at a community college is a good idea, it forces students to take COMM 100. This is specifically for UC students, beginning Fall 2017. For true UC students. They must still meet the 60 unit requirement.

CSU Chancellor's Office memo executive order 1100 to let the Community Colleges know beginning Fall 2017 "C-" is now acceptable for the golden four. It will now state C- or higher. This will apply to our CSU GE-Breadth pattern. Kristen will report at a subsequent meeting to confirm the effects of this change.

2. OER – How to list on the COR

CurricUNET has a place to enter texts, committee should consider a way to let students know that a course is offered with Open Education Resources. OER texts are also able to be printed. The State is supporting OERs.

3. Winter/Summer only – Courses on Pathways

Winter and Summer sessions were originally intended for general education. Use caution when placing courses on pathways during winter and summer intersessions.

IV. Information Items

Kristen – AP Credit, will be more uniformly considered, Community colleges will honor the AP exams and will award in an area. We will add two exams Physics one and two, the department will be working on those exams. Computer Science will also be awarded units toward their degree. Will be on the AP pattern for 17-18.

V. Other Items

Committee members were encouraged to continue the efforts of increasing class sizes.

VI. Next Regular Meeting: May 4, 2017, 12:50pm in the Board Room
