STUDENT SERVICES - FINANCIAL AID

- Financial Aid staff will be participating in Higher Ed Week II at local high schools from May 20 -24, 2019.
- Over \$32 million have been paid to students this year.
- Received an additional \$150,000 in Student Success Completion Grant funds from the Chancellor's Office.

STATE UPDATE - BILLS AT SENATE OR ASSEMBLY APPROPRIATIONS COMMITTEES

• **AB 30 (Holden) Dual Enrollment**

AB 30 (Holden) - will streamline the process for students to enroll in, and colleges and K-12 partners to enter into, career and college access pathway (CCAP) partnerships. It has been heard by both the assembly committee on education and higher education and has received no "no" votes.

• **AB 612 (Weber) Access to EBT**

AB612 (Weber) - legislation that will help colleges provide access to EBT eligible food options and is part of an effort to destigmatize receiving nutritional aid, passed out of the Assembly Health and Human Services Committee.

• **SB 291 (Leyva) Reforming Financial Aid to Serve Community College Students**

SB 291 (Weber) - passed out of the Senate Education Committee earlier this month. If passed, it would result in a financial aid program that addresses the true cost of attending college – living costs such as rent or purchasing food.

- **AB 2 (Santiago)** – originally this bill would have provided free tuition for first-time full-time students. It took amendments extending its provisions to all full-time students and thus significantly increased the cost of the bill.

- **AB 48 (O'Donnell)** – would authorize a statewide general obligation bond to fund K-14 facility construction and modernization.

- **AB 302 (Berman)** – legislation that would mandate that community colleges open up their parking lots to homeless students to camp overnight in. While the bill took amendments permitting colleges to set reasonable policies in standards in regards to public safety and sanitation, the bill is still a mandate.
