California Community Colleges | COVID-19 Update

June 3, 2020 – COVID-19 Update No. 56

*"Our country is suffering from two diseases. One that's novel, COVID-19, and one that is historical, the scourge of racism. And both need a cure."  
– Dr. Jennifer Taylor-Mendoza, Skyline Community College*

*We are again using this space to stand with our Black students, staff, faculty, stakeholders, partners and communities. ## STUDENT SERVICES

On May 29th

- 403 students were served.
- Of the 403, 15 were home deliveries.
- The home deliveries were contactless and they were for students without transportation and a handful who had tested positive for COVID-19, and could not find help elsewhere (people were too afraid to assist them).
