### 15,000 Community Members Point Reached

WRITTEN BY WEB\_JUNKY | 28 JANUARY 2010

**Community Statistics**

Who would have thought that in only 6 short months since we unveiled Imperial Valley College's Student Portal to our student population, it would have 15,000 unique users that have logged in at least once?

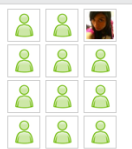

If you have a few moments today, we'd appreciate it if you could take a few moments and comment on this article and let us know about some of the good (and bad) experiences you've had with the Portal so that we can help make it an even better tool for everyone.

I'm sure most people have discovered our blogging tool (which has been pretty popular, though abused a bit by people who haven't yet found our [Listings Section](#)).

In addition to the blogs, we have the [Community](#) section of the IVC website which lets students create their own [Community Groups](#). Share [Pictures](#) and [Videos](#), and connect with other IVC classmates.
