

Student Technology Advisory Committee (STAC) Charter

PURPOSE:

Provide advice and guidance to IVC Administration on issues related to student use of technology.

RESPONSIBILITIES:

1. Make policy recommendations on student technology matters.
2. Provide student input on potential, planned and current technology projects.
3. Provide input to the IVC Strategic Technology Plan as part of the annual planning process.
4. Alert IVC Administration to strategic student support issues and emerging technology needs.

AREAS OF FOCUS:

- Strategic Technology Plan implementation and impact on students
- Technology direction/vision for IVC
- Technology policies and practices, as they apply to students
- Emerging technologies
